Bellefonte Republican.

Established in 1869.} "Let Us See To it that A Government of the People, for the People and by the People, Shall Not perish from the Earth."—A. LINCOLN. Terms: $1.50 per Year

VOL. XXVI BELLEFONTE, PA., THURSDAY MORNING. MARCH 14, 1895. NO. 11

THE illness of ex-President Harrison will be regretted by his countrymen. At last reports he was suffering from an attack of bronchitis, which, though serious, was not necessarily dangerous. The hope is general that he will speedily recover from his present illness, and long be spared to his country, which holds him in affection and regard.

THE Democratic consuls who are endeavoring their utmost since the Wilson bill became a law to prove that the foreign markets are being opened up to American goods have had a hard time of it. Their reports have been all the other way, although curiously enough they have hailed the fact that certain European goods were being ordered as a great triumph, oblivious to the fact that such orders meant the displacement of the American article. Now Consul Meeker, of Bradford, Eng., comes out with a "find" that "Americtn cloth" is being sold in that city. How insignificant this sale may be compared with the general contraction of markets and the losses to industries in the United States he does not state, and neither will the partisan free trade sheets. All they want is something to harp upon, and any sort of a consular report with free trade promises is meat indeed for them.

PENSIONS must inevitably decrease as the war recedes, and it has been anticipated, as pensions are one-third the annual expenditure of the Government, that as this decrease came the aggregate of appropriations would diminish, but the Democratic Congress which has just adjourned leaves small hope of this. The pension appropriation was decreased $10,200,000 from that of a year ago, a decrease for which the condition of the pension roll gives no justification, but this brings no decrease in the aggregate appropriations, as permanent appropriations alone are increased $11,999,276. From the appropriation of two years ago the decrease was $42,000,000 for the two years covered by the Fifty-third as compared with the two years covered by the Fifty-second Congress. Even this decrease, most of which will have to be covered by a deficiency bill, brings no relief to the Treasury, for the aggregate of appropriations is advanced. It begins to look as if, when pensions decrease, Congress will increase other appropriations and the aggregate outlay will remain unchanged.

A LESSON seems to have been learned from the great railroad strike of last year in the new policy of the War Department of doing away with the small and isolated army posts and establishing larger ones at points near the large centres of population, so that troops can be despatched at short notice to any threatened spot. Aside from the strategic importance of such a move, the plan seems to be a good one from an economical standpoint, as affording an opportunity for shipping supplies in greater quantity and at less expense. One of the locations now spoken of is on Puget Sound, in the State of Washington, where the choosing of the site has been wisely left to Secretary Lamont, instead of to a commission, as originally proposed in the bill. At Tacoma the Government already has a reservation of 640 acres, held for military purposes, which, at present, is loaned to the city for a park, upon the condition that it can be reclaimed at any time if desired. It is more than likely that this will be chosen as the site for one of these new army posts, because of its central location, the facilities for railroad transportation, and because the land is now owned by the Government. Another possible location is at the city of Seattle, further down the Sound, said to be equally well situated for distributing purposes, but less liable to be chosen because of the necessity for buying the site. The establishment of a large post, as at present contemplated, will give the entire section an assurance of Government protection in the case of any extensive strike, now sadly lacking.

PRIMITIVE man was first studied by collecting the objects which he had left behind him, arranging them by localities and geological strata and comparing them with the work of savage tribes now in existence. Inevitably much was misunderstood under this plan and much collected which could not be understood. It became clear in time that the full history of the race could only be understood if the handiwork of the savage, out of which man comes, was reproduced, and his work in bone, stone and wood done over again. In other words, exactly as the highly developed animals can only be understood by studying the germ forms out of which they come, so the completed manufactures of civilization can only be understood if the rudimentary processes of primitive man are reproduced. The Drexel Institute is now presenting this process in the series of lectures by Mr. Frank Hamilton Cushing, of which the second is given today. Mr. Cushing, who unites personal experience of savage life, great manual dexterity and a complete acquaintance with the scientific problem involved, presents in these lectures the first coherent exposition yet given of the early origin of the technical arts. As such these lectures have their place in a technical institute, and deserve the attention of all who wish to understand technical processes in their origin as well as in their final development.

Preserve Our Game.

The State Senate on Tuesday passed a bill which will meet the hearty approval of the sportsmen of this county as well as of the State at large; and one which, if it becomes a law, is expected to do much in the way of checking the rapid disappearance of our game birds. The measure in question prohibits the killing for sale of ruffled grouse, quail, woodcock, trout and deer, and is the result of a general expression by the lovers of field sports from all parts of the State of the best method of saving our wild game from total extinction. The idea embodied in the proposed law is not a new one, and has been long looked upon by many sportsmen as the only solution to the difficult problem. In fact it was suggested by the Examiner several years ago. It is no exaggeration whatever to say that for every quail killed in Lancaster county by the hunters out for a day's recreation, one hundred are shot by the market gunner, who finds a ready market either here or in Philadelphia. It is said that there are between one and two hundred gunners in Lancaster city alone who hunt for the profit in it, and nearly every town and hamlet in the county has one or two more. These men are out daily during the open season, and it is asserted that certain individual market hunters each kill more birds every season than all the sportsmen combined. A professional gunner is invariably a sure shot, and seldom has any compunctions about killing the last of a bunch of birds; whereas it has long been an unwritten law among the hunting fraternity, and one that is generally observed, that enough birds shall always be left in a covey to insure a crop the succeeding year. For years the complaint has annually been made by those who have been restocking the county at their own expense that the game which was intended to give a day or two of sport to themselves and friends was found hanging in front of a city restaurant at the close of the first day of the open season. This discouraged the importation of birds, which yearly decreased in numbers. Laws of an almost similar character to the one proposed are in force in some other States, and it is said are accomplishing all and more than was expected.—Lancaster *Examiner*.

Borough Boards of Health.

The bill introduced by Representative Focht to exempt boroughs with a population of less than 5,000 from the provisions of the law establishing boards of health in boroughs, is one that should be defeated. The principal argument in favor of the exemption of the smaller boroughs is that the maintenance of boards of health in small boroughs is too costly, amounting to an intolerable burden upon the taxpayers.

This is the merest nonsense. The cost of organization in ten boroughs taken at random with populations varying from 500 to 7,000 is shown by the secretary of the State Board of Health to range from $15 to $75.50, while in only four of the ten are any salaries paid, the highest not exceeding $80. In every case this small outlay represents the ounce of prevention that is worth pounds of cure, and is in the direction of the best economy, saying nothing of the sickness and funerals that will be avoided.

An epidemic outbreak of disease of a contagious nature is just as much a public danger in a small borough as in a large one, and if there are to be borough Boards of Health at all every borough should have one. If the present obligatory law is permitted to stand in many boroughs there will be no salaries paid or asked. Public spirited citizens will be found willing to serve without compensation for the protection of the public health. If there is anything wrong with the law of 1893 it is that it does not include townships as well as boroughs. Its application should be extended, not restricted.

—The concert to be given in the Presbyterian church on Friday night by Mr. Arthur Kitson, assisted by Profs. Nowinski and Spaghetti, promises to be one of the grandest musical treats Bellefonters have had an opportunity to enjoy this long time. Every one of the three gentlemen above named is an artist in the musical profession and their renditions Friday evening, both vocal and instrumental, will be exceptionally fine. Buy a ticket (only 50 cents) and go and enjoy yourself.

WASHINGTON LETTER.

Washington, March, 11 1895.

From Our Regular Correspondent.)

A decidedly sensational proposition was made and discussed at a Washington dinner party which was attended by ten gentlemen, among whom were several who rank as leaders in the republican and democratic parties in Congress. The proposition came from a democrat, and was in substance that the republican House should as soon as it assembles, either in extra or regular session, adopt a resolution for the impeachment of Mr. Cleveland, because of the written and verbal contract he made contrary to law with that foreign syndicate for the sale of bonds The source from which the information comes makes it impossible to use names. The proposer of the scheme stated very candidly that his party would stand a much better chance in the campaign next year with Stevenson as president than it will with Cleveland, and said that if all republican and populist Senators would pledge themselves to vote for impeachment he would guarantee a sufficient number of democratic votes to make the necessary two-thirds to impeach. No promises were made by the republicans.

The fellow with "steen" reasons why Mr. Reed ought not to become Speaker of the House has again turned up in Washington. But his reasons are quickly "turned down." It is settled to the entire satisfaction of the republican members of the House of the Fifty-fourth Congress, and also to that of the individual most directly concerned, that Thomas B Reed will receive the nomination of the republican caucus and be elected Speaker of the House, and it is altogether probable that at this very moment Mr. Reed is thinking about the membership of the House committee.

Representative Henderson, of Iowa, the ranking republican of the House committee on Appropriations, completed and made public a day or two ago a digest of the appropriations made by the last Congress and compared them with those made by the four previous Congresses. The totals were as follows:

Forty-ninth Congress	$746,342,495.51.
Fiftieth "	817,963,857.80.
Fifty-first "	988,417,183.34.
Fifty-second "	1,027,104,547.92.
Fifty-third "	990,338,691.04.

It will be seen that the two last Congresses, both democratic, made the largest appropriations, and there should really be $21,686,764 added to the total appropriations made by the last Congress, as that is the amount that must be appropriated to pay contracts authorized, and Mr. Henderson estimates that insufficient appropriations for public printing, pensions, etc., will necessitate a deficiency appropriation of at least $4,500,000 by the Fifty fourth Congress. The two last democratic Congresses were both billion dollar Congresses, the first in the history of the country, although the democrats made a national campaign by falsely calling the Fifty first, or Reed Congress, the "billion dollar Congress."

Senator Platt, before leaving Washington, had a few words to say which should interest everybody, and particularly republicans. "The public is apt to expect," said Mr. Platt, 'too much from the republicans in the next Congress. The next House will be republican, but we shall not have a republican majority in the Senate and there will be a democratic President. We shall be almost as powerless for the promotion of action in the next Congress as we have been in the last one. The opportunity for democratic mischief has passed, but that is all little can be accomplished until after 1896, when we hope the republicans will be in power in all branches of the government."

Is Secretary Gresham a coward, or a——? This question is being asked by many who believe that Mr. Gresham is guilty of neglect of his sworn duty in not notifying the Treasury department that Germany, France and other continental European countries are unjustly discriminating against American products, in order that the law which directs that 10 per cent shall be added to the duties on all goods coming to the United States in vessels flying the flag of any nation which shall discriminate against our products. The law is clear, and to most people the discrimination against us is equally clear, notwithstanding the contrary claims set up by European diplomats. The Treasury department cannot impose the retaliatory duty until officially informed by the Department of State that the discrimination exists, and it seems that Secretary Gresham will not do that. It is said that he has intimated his fear of retaliating and that he favors accepting the thin excuses of the several European governments for shutting out American products. It is not surprising that "Oh, for one day is Blaine at the head of the State department" should be so frequently heard these days.

Enact Compulsory Education.

The Senate ought without hesitation and without delay to pass the Farr compulsory education bill. It is a moderate measure. It errs, if at all, in requiring too little. But it is sound as far as it goes, it is a beginning and it will relieve Pennsylvania from the scandalous and disgraceful position in which the State was left when Governor Pattison vetoed a similar bill, and did what he could to promote ignorance by refusing to permit school attendance in this State to become compulsory on every child.

In 1891, four years ago, twenty-seven States in the Union had compulsory education laws on their statute books. This list includes every New England State, New York, New Jersey, Ohio, Illinois and most of the States of the thriving Northwest. For its age, size, wealth and advance in other particulars Pennsylvania is notoriously deficient in its requirement of school attendance. Avarice and ignorance are depriving children of their due need of schooling in every county in the State, and every child kept out of school is brought near the prison, the almshouse and a life of pauperism and crime. One-third our criminals and petty offenders come from the ignorant class of the community, a class which is in most States less than 1 per cent. of our adult population. The real alternative offered by compulsory education is whether the State shall send the child to school or the adult to jail, for, depend upon it, unless the school door is kept open the prison door must be.

Mr. Farr's measure provides the least compulsion which the conditions require or the safety of the State permits. It requires, between 8 and 13 years of age nothing more than the bare pittance of sixteen weeks schooling, or two-thirds the minimum school year with which but too many school districts are satisfied. Even this is not required of children two miles from a school or those prevented by 'physical, mental or other urgent reasons," a clause which prevents any possible injustice. Attendance on any school or instruction at home is enough to exempt a child from the requirements of the act, which makes a certificate as to such attendance or instruction is accepted by the State without examination or investigation.

Nullum in Parvo.

Eloquence is vehement simplicity.

Mercy to him that show it, is the rule.

Only actions give life strength; only moderation gives it a charm.

Nature is too thin a screen; the glory of the One breaks in everywhere.

The less we parade our misfortunes, the more sympathy we command.

Individuals may form communities, but it is institutions alone that can create a nation.

Passion, in its first violence, controls interest, as the eddy for a while runs against the stream.

The opinions of men who think are always growing and changing, like living children.

Modesty is praticed to the occasions of life, and strongest in youth when passion is so too.

A proper secrecy is the only mystery of able men; mystery is the only secrecy of weak and cunning ones.

A fool, indeed, has great need of a title; it teaches men to call him count of duke; and thus forget his proper name fool.

Manners are the shadows of virtues, the momentary display of those qualities which our fellow-creatures love and respect.

All the molestations of marriage are abundantly recompensed with the other comforts which God bestows on them who make a wise choice of a wife.

Undeviating civility to those of inferior stations and courtesy to all are the emanations of a well educated mind and finely balanced feelings,

A weak mind sinks, under prosperity, as well as under adversity. A strong mind has two highest tides, when a moon is at the full and when there is no moon.

State Civil Service Reform.

The Civil Service Reform Association of Pennsylvania is made up of men of lofty purpose, with high ideals of good government. They continue to press civil service reform measures upon successive Legislature in spite of repeated failures to secure action and the discouraging indifference which they encounter to the whole subject in and out of the Legislature. The Bullitt charter gives us a little reform in Philadelphia, but not enough to leaven the whole lump and not of a sufficiently clear-cut type to satisfy the civil service reformers. They want a complete civil service law for the State of Pennsylvania applicable to all State, city, county, township and borough officers in which the total of officers, clerks and employees shall exceed six.

The speeches made by Judge Reed, Mr. Francis Wood and others before the Judiciary General Committee last week are strong pleas for the adoption of the civil service reform principle of competitive examination in the filling of all subordinate civil positions in the Commonwealth. In the Federal service this reform has come to stay. It is yet imperfect and incomplete, but we venture the prediction that every legislative change made in the law will be in the direction of making it more strict and wider in its application. Massachusetts, which leads in most reform to its State and local offices. In Pennsylvania the application of the elective system to so many comparatively minor offices and the small force of clerks which are found to be sufficient in most public offices outside of the large cities limits the field in which civil service reform is applicable. So far as it can be made to apply, however, it ought to be adopted, and merit, ascertained through competitive examinations, should determine appointments and promotions in all the larger public offices throughout the State.

This is what the pending civil service reform bill aims to accomplish, and we hope that there is sufficient reforming spirit in the Legislature to pass the bill. Certainly the Republican party in Pennsylvania does not need the stimulus of official spoils to win victories. The people want the best public service and that can only be obtained where merit is the passport to appointment and promotion and experience and ability count for more than party service.

Centre County Medical Society.

The regular March meeting of the Centre County Medical Society was held in the court house Tuesday, March 12, at 10 o'clock a. m. There were present Dr. F. H. VanValzah, of Spring Mills; Dr. J. Y. Dale, of Lemont; Dr. George Woods, of Pine Grove; Dr. P. S. Fisher, of Zion; Dr. W. W. Irvin, of Julian, and Drs. A. Hibler, George F. Harris R. G. H. Hayes and J. L. Seibert, of Bellefonte.

After the regular order of business had been disposed of Dr. A. Hibler read a paper on the subject of "Whooping Cough," which was listened to with marked interest and followed by general remarks upon the treatment of this disease.

Dr. A. A. Redelin, of Boalsburg, was elected to membership. The appointment of Dr. C. S. Musser, of Aaronsburg, and Dr. W. W, Andrews, of Philipsburg, was continued together with the first appointment of Dr. W. B. Henderson, of Philipsburg, and Dr. P. S. Fisher, of Zion, to prepare and read papers at the next meeting.

At this meeting of the Society the following resolutions on the death of Dr. John F. Woods, of Boalsburg, were unaminously adopted:

WHEREAS, It becomes our painful duty to announce the death of Dr. John F. Woods, one of the organizers of the Centre County Medical Society, as well as an ex-president of the same, and,

WHEREAS, In his death we lose a faithful friend, valued associate and an accomplished member of the profession. Therefore, be it

Resolved, That this Society desires to place on record its appreciation of his active co-operation in the work of the Society and of his deep and untiring interest in the work of his chosen profession.

Resolved, That we express our sincere regard and heartfelt sorrow at his death, and that we hereby tender to his sorrowing family our expression of profound sympathy in their great loss.

Resolved, That a copy of these resolutions be sent to his bereaved family, to the county papers for publication and that they be spread upon the minutes of the Society.

J. L. SEIBERT,
GEO. F. HARRIS,
ROBT. G. H. HAYES. } Committee.

The next meeting of the Society will be held in April, in the court house, Bellefonte, at which time delegates will be chosen to represent the Society at the annual meeting of the State Medical Society of Pennsylvania, which convenes at Chambersburg May 21st, 1895.

At the Board of Trade.

There was a quorum present at the Board of Trade meeting Tuesday evening but little business was transacted. A committee consisting of Messrs. William Shortlidge, A. S. Garman and E. K. Rhoads was appointed to investigate the offer of the gentleman who wants to come to Bellefonte and start a wire glass factory.

Children Cry for

A RECKLESS DISCOVERY.

Evidence in favor of Dr. Morton as the Discovery of Anaesthesia.

Having experienced your courtesy and generosity on two previous occasions, I am emboldened to still ask you for another favor. I read in your issue of the 30th a communication from the pen of B. M. Campbell, M. D., and as I have been very much interested in the question, "Who discovered anaest esia," I am now very grateful to Dr. Campbell for the light which he has so kindly thrown on the subject; for it is quite evident to me that he is partisan of Dr. Morton, which will make his contribution all the more valuable to the history of the case.

Dr. Campbell says:

I can see no reason why the names of Sir Humphrey Davy and Dr. Horace Wells should not be brought into the case as they were experimenting with nitrous oxide gas—a very different agent. Nor is there any good reason to suppose that Dr. Morton, as he was called knew anything of the properties of sulphuric ether, except through the suggestions of Dr. Charles T. Jackson, who, a few years before his death made me the following statement, which I committed to writing at the time. Said he: "Morton was my pupil. He had been studying chemistry with me and was also in the practice of dentisry. He came to my office one morning and asked me to loan him a rubber bag with which to administer nitrous oxide gas, as he wished to extract a tooth without pain. I replied that I had no such thing in my possession and taking from my table a bottle of sulphuric ether I passed it to him and said, take this bottle of ether and give it to your patient as it is a great deal better than nitrous oxide gas. He took the bottle and the experiment proved successful.

So it would seem that it was Dr. Morton's experiment which proved successful, and not Dr. Jackson's.

The next paragraph of Dr. Campbell's letter is something startling. "It is quite evident that Dr. Morton was simply the [illegible] of the [illegible] properties of ether, acting in accordance with Dr. Jackson's suggestions, who knew something of its effects." Here we learn again that it was Dr. Morten's "reckless discovery" and not Dr. Jackson's, who said to Hon. Caleb Eddy, in reply to the question: "Did you ever know that after a person had inhaled ether and was asleep, his flesh could be cut with a knife without his experiencing pain?" "No, nor Morten either. He is a reckless man for using it as he has; the chances are that he will kill some one yet." Was this the discoverer of painlessurgery?

From Washington, D. C., Dec. 20, 1851, Hon. Daniel Webster wrote Dr. Morton: "The gentlemen connected with the hospital (Massachusetts General) are well known to me as of the highest character, and they posessed at the time of the investigation every facility for ascertaining all the facts in the case. The committee of the house were, I believe, unanimous id awarding to you the merit of having made the first practical application of ether, and a majority, by their report, awarded to you the entire credit of the discovery."

It has always been claimed by the friends of Dr. Jackson that he made the first suggestion of etherizrtion to Dr. Morton, which I deny, and which I am prepared to show by the best of evidence that it was quite the reverse, and that it was Dr. Morton who first suggested etherization to Dr. Jackson. Three of the men who testified to this fact were ex-Mayor Whiteman of Boston, Theodore Metcalf and Joseph Burnett of Boston.

The eminent board of surgeons of the Massachusettes General Hospital affirmed and reaffirmed that to William Thomas Green Morton, M. D., belonged the credit and the award for the first successful demonstration of etherization.

In regard to Dr. Campbell's last point, the German commission, I have to ask, what did they know in regard to the merits of the discovery except what they learned from Dr. Jackson personally?

Dr. Jackson also claimed the discovery of the electro-magnetic telegraph, of Prof. Morse, but it was not true, nevertheless.

With a few more witneses like Dr. Campbell and Mr. Woods, there would be no more opposition to the claims of Dr. Morton. W. R. HAYDEN, M. D.

Bedford Springs, Mass.

Death of Alice Shaughensey.

At three o'clock this morning Mrs. Alice Shaughensey passed away from this life at the residence of her son, Mr. Thomas Shaughensey, on East Howard street, after an illness of several months duration. She was aged about 74 years, and is survived by three children, one son and two daughters. The funeral will take place on Friday morning at 10 o'clock, from the Catholic church.

SHORTAGE IS SHOWN.

Irregularities in the Accounts of a Missionary Society—Dr. Newbold Talks of an Explanation.

New York, March 6.—A partial examination of the books of the American Church Missionary society shows irregularities amounting to about $20,000. Expert accountants are still at work examining the books of the secretary and treasurer to show if there are any further shortages in the accounts. The executive committee met in the rooms of the society yesterday and relieved the secretary, Rev. William A. Newbold, of Mont Clair, N. J., and the treasurer, Henry A. Oakley, of this city, from further service. The Rev. Dr. Kinsolving, of Brooklyn, was appointed secretary of the society.

Horrible Death Trap.

Shamokin, Pa., March 6.—A horrible death trap was barely escaped to-day by 150 miners. The delay of a few minutes would have sent down upon them a flood of water and all would have perished. Foreman Johnson, at Brick Ridge colliery, made the discovery that saved so many human lives.

Johnson was in the No. 6 lift examining the mine chambers, when he heard the timber holding back a great volume of water break. The sullen roar of escaping water, followed by gusts of mud from the brattice, warned the foreman that the dam was breaking. He hurried from the place as fast as he could in order to notify the men. Word was sent to Engineer Muir to hoist, whenever he was signalled, as rapidly as possible. The miners ran to the bottom of the slope. Twenty could be hoisted out at a time, and, as 600 yards had to be traversed to reach daylight, the men in waiting grew nervous, expecting the flood to overtake them at any moment.

Most of the miners ran half a mile from their breasts to the bottom of the slope. The water was held back and finally all the miners were out. Volunteers were called to venture into the mine to build partitions in order to dam the flood and save the big mines from complete inundation. A number of brave fellows faced the deadly peril and constructed barriers before the water could reach the principal portion of the workings.

Love Drove Him to Insanity.

Alliance, O., March 6.—In the smoking car of the eastbound express on the Pennsylvania railroad this afternoon. Clinton Knapp, whose home is at Blossburg, Pa., was tied to a seat and the efforts of two attendants were required to keep him from breaking his bonds. He is insane and shouted at the top of his voice. "Why did you leave me my darling?"

About a week ago Knapp disappeared from his home and turned up at Decatur Ill., on Thursday a raving maniac. He could give no account of himself, but the officials found in his pocket an envelope bearing the address of Frank Knapp, Springfield, Mo., who turned out to be Clinton's brother. He went to Decatur and started with Clinton for the insane asylum, at Danville, Pa. He said that his brother's insanity was caused by being jilted by his sweetheart.

Spaniards Routed with Heavy Loss.

Tampa, Fla., March 6.—Gonzales De Quesada, secretary of the Cuban revolutionary party in the United States, arrived in this city this morning. Senor Quesada declared he has knowledge that General Marti and Gomez are in Cuba, but would give no definite information as to their movements. He said that on Tuesday a battle was fought between the Spanish general, Lachambre, and the Cuban general, Guillemon, near Santiago De Cuba. The government had a force of 1,000 men and the Cubans 700. The Spaniards were routed with heavy losses. No one, said Senor Quesada, could get correct information from Cuba by wire, as the government has possession of all the cables.

Douglass' Will to be Contested.

Rochester, N. Y. March 6—Announcement is made to-day that the heirs of the late Fred Douglass intend to contest his will and that the legal proceedings in the matter will shortly be instituted in this city. Mr. Douglass had been married twice, and the children by the first wife, Lewis H. and Charles R. Douglass, are named as the contestants. Two years ago the estate was valued at $200,000. Ever since Mr. Douglass' last marriage there has been a lack of harmony between the sons and Mrs. Douglass.

The contestants make the claim that Mrs. Douglass, who is a white woman, exercises undue influence over their father and persuaded him to discriminate against them. Though no petition for the probate of the will has been made, it is stated that the sons will have little or nothing coming to them from the estate. An effort will be made, it is said, to settle the estate out of court.

Ten Thousand Miners Will Strike

Pittsburg, March 6.—The strike of the 10,000,000 or more miners in the Pittsburg railroad coal district is now an established fact. At the beginning of this morning's session of the miner's convention the committee that conferred with the operator, last night presented its report, the chief feature of which was a proposition made by the operators be held in Pittsburg next Saturday.

This was the only proposition, so the miners say, made by the operators, there

ABSOLUTELY PURE
THE OLD RELIABLE
SWEET CAPORAL
CIGARETTE
Has stood the Test of Time
MORE SOLD THAN ALL OTHER BRANDS COMBINED

being no truth in the report that the operators had offered a sixty cent rate for mining coal. The report was vigorously discussed, and when the vote was taken the proposition to hold a joint convention was voted down. Every delegate was explicity instructed to carry out the strike orders issued by the convention late Monday night. The convention at 12.30 p. m., adjourned without date. What action the operators will take is not known.

Uncle Sam and Cuba.

Madrid, March 7.—Deputy Lema questioned the government in the congress today as to the attitude of the United States towards Spain in the matter of the Cuban insurrection. Senor Abarzuza, minister of colonies, replied that he had conferred with United States Minister Taylor only as to the penalties recently inflicted upon Americans in Cuba. The general relations between the two countries were cordial, as was proved by the manner in which the Nueva Espagna was received at Tampa. The commander of the gunboat had reported to the local officials, who has shown the greatest good will to the Spaniards.

In the senate Premier Sagasta was asked whether or not the United States had offered to help quell the revolt in Cuba. He answered that the report to this effect was untrue, adding that Spain needed no assistance in subduing the insurgents.

The Canal to Be Abandoned.

Philadelphia, March 7.—The old Pennsylvania canal, the forerunner of the present magnificent system of steel rails, is to be abandoned by the Pennsylvania Railroad company. The old water way, once so serviceable, has outlived its usefulness. The total deficiency of the company is $160,216. From year to year, for years, the canal has been steadily diminished, until it finally shows a burdensome loss. Starting at Columbia, on the Susquehanna the Pennsylvania canal branches out north and northeasterly, extending to Clark's Ferry, Newton Hamilton, Northumberland, Nanticoke and Lock Haven, penetrating the Important Wyoming coal region.

Independence Hall Deserted.

Philadelphia, March 7.—The members of Select and Common Councils met today for the last time in historic Independence Hall. Since 1854 the city fathers have assembled in the old state house, but on next Thursday they will begin the occupancy of more palatial quarters in the $17,000,000 City Hall. As a finale, the Councilmen stood with bared heads in a driving rain this afternoon while a photographer snapped "the birth place of Liberty.

The councilmanic chambers in Independence Hall will hereafter be utilized by patriotic organizations.

A Card From Douglass Sons.

Washington, March 7.—The sons of the late Frederick Douglass authorize the publication of the following statement: "The statement telegraphed from Rochester, to the morning papers of the country, that there is, or has been, any antagonism between us and our father's wife or his widow, at any time, is utterly false. We are absolutely unable to account for the statement made from Rochester." Mrs. Douglass proclaimed the story of undue influence as absolutely groundless. No will has been offered for probate.

Passenger Train Ditched.

Spencer, Ind., March 6.—Part of the morning passenger train on the Indianapolis and Vincennes railway was ditched this morning between Marco and Sanborn by a broken rail. The rear coach was destroyed by fire and the following passengers were injured: I. S. Halton, thigh broken; S. T. Brown, back hurt; Ed. Elliott, body bruised; Joseph Wright, back and arm injured; Edward Dryman, head and back hurt. All the injured except Mr. Halton were able to be brought through.

Will Resume Law Practice.

Philadelphia, March 7.—Ex-Governor Robert E. Pattison has moved into his new law offices on the seventh floor of the Girard Trust company building, at Broad and Chestnut streets. Mr. Pattison intends to resume the active practice of the law, but it is understood that he has one or two propositions under consideration, one which, if accepted, will connect him with a well known business institution.

ROBBED IN DAYLIGHT

A Thrilling Event in an Iowa Town Yesterday Morning.

Des Moines, Ia., March 6.—The Adel state bank at Adel, twenty miles west of here, was robbed at 9 o'clock this morning by two men, who shot and seriously wounded Cashier S. M. Leach and a customer named Bailey, who was standing at the window when they entered. The cashier had just unlocked the safe and vault, and both Leach and Bailey had their backs to the door when the robbers entered and opened fire. The desperadoes then entered the vault and carried away the entire contents, supposed to be $15,000, and jumped into a buggy at the door and drove west towards Redfield.

The robbers were overtaken five miles south of Adel. Being hotly pursued they left their buggy, and one hid in a brush heap and the other took refuge in a barn. The former was quickly captured. The man in the barn, however, refused to come out and the posse set fire to the structure. The robber remained inside until his clothing, hair and whiskers were blazing, then rushed out, gun in hand. The mob yelled: "Throw up your hands," he refused, and a volley of a dozen guns riddled his body.

An envelope in his pocket was addressed Landers Wilkers, Patterson, Madison county, Ia., which the other robber says is his true name. Before the mob was aware of it, the sheriff had the second robber in his buggy and hurried him to Adel jail, where he is locked up. He refuses to give his own name. The excitement is great and the prisoner may be lynched.

The second robber says his name is C. W. Crawford. He is 19 years old. He says Wilkers forced him to join in the robbery by threatening to kill him on the spot unless he did.

Marshall Pipe Line Bill.

Harrisburg, March 6.—In approving the Marshall Pipe Line bill, Governor Hastings says: "Why legislation of this character, applicable alone to pipe lines, should be permitted to stand, is not apparent, when, under existing law, street railway companies, water companies and other corporations doing a like business may be merged and consolidated, the only inhibition upon such consolidation and merger being that provision of the constitution which forbids the consolidation of parallel or competing lines of railways and canals. And even as to them the question whether or not they are 'parallel or competing' is made determinable by a jury as a question of fact. This right is denied by the terms of the act of 1883. I am convinced, after a hearing of both sides of this controversy, and upon the fullest investigation, that the effect of the act of 1883 is directly the reverse of its ostensible object. Instead of encouraging competition and fostering the building of pipe lines to compete with each other the fact, that when the property becomes unprofitable, the owners are prohibited by law from selling it, must necessarily discourage investors in such enterprises. All legislation, the tendency of which is to control, hamper or restrain individual enterprise, should in my opinion, be closely scanned, and unless some great public reason exists to to the contrary, it is much better that all commercial enterprises remain unfettered by legislation.

Murder Trial at Pottsville.

Pottsville, March 7.—Anthony DeSanto, of Minersville was put on trial this morning before Judge Bechtel for the murder of Richard Lloyd. DeSanto stabbed and killed Lloyd. Lloyd and another man named Griffiths had gone to DeSanto's house at a late hour at night and demanded admittance. DeSanto told them to go away, but they persisted in forcing an entrance. DeSanto then rushed out and stabbed both men. Lloyd died two days later, but Griffiths recovered.

A few drops of
Bovinine
taken in milk will sustain a patient's strength while dieting in severe cases of typhoid fever, pneumonia, diphtheria, and all fevers.
It contains the active principles of beef concentrated, and acts as a simple and effective food, acceptable to any stomach.
It will sustain life for weeks unaided, as it did in the cases of General Grant, the late Emperor Frederick, and many other distinguished persons.
Ask any physician.
Sold by all druggists.
THE BOVININE CO., NEW YORK.

Demand Unpaid Wages.

Yarmouth, N. S. March 7.—There is a big riot in camp No. 1, on the South Shore railroad, a short distance from here. The men are up in arms against the officials. Manager Clark, Captain McGray and the foreman managed to escape in safety. The rioters are all coming into town, and serious trouble is anticipated. Two hundred Italians are now surrounding the manager's store and demanding their unpaid wages. They refuse to accept 30 cents on the dollar offered by the company.

Convention of Liquor Dealers.

Harrisburg, March 7.—The convention of liquor dealers called to organize a State Liquor League began in the opera house here this morning. Morris Tekulsky, of New York, a member of the National committee, and others, made speeches. The convention declares its opposition to several bills now before the Legislature, and is in favor of reduced license fees.

Wise Expenditure is Economy.

The debate yesterday in the Senate at Harrisburg on the Delaware River improvement bill shows that it has an active array of enemies and that the convenient plea of economy is to be hurled against it, if possible, to its destruction. Economy in appropriations is wise and necessary and ought to govern this as well as every Legislature, but there is no economy in allowing commerce to be taken away from Philadelphia because of a shoal ship channel.

The wealth of Philadelphia is a part, and a large part, of the wealth of Pennsylvania. The State, therefore, is interested in preserving and promoting it. Senator Gobin's fear that part of the appropriation for the Delaware River channel may be expended south of the Pennsylvania boundry ought not to cause a panic even among the most timid legislators. The commerce of Philadelphia demands a deep channel to the sea—not to the Delaware to any great extent, and the whole object of the proposed improvement is to enable them to get to the ocean without sticking in the mud, regardless of the State jurisdiction of the neighboring banks.

The United States ought to do this work, but it will not, and unless the Commonwealth of Pennsylvania will join with this city in providing a twenty-six-foot channel from Philadelphia to deep water in Delaware Bay, a distance of about twenty-five miles, this city is bound to lose its already greatly diminished ocean commerce and become practically an inland city. We contend that it is economy to prevent this, and the Legislature should grant the moderate appropriation asked for this very necessary improvement.

In Other Counties.

The Fall Brook and Beech Creek roads are doing a big business at present.

The Pennsylvania railroad company will enlarge their depot at Sunday the coming spring.

Milton car works has received an order for 700 cars from the Pennsylvania Midland railroard.

The new engines made in the Pennsylvania railroad car shops are running at present on the main line of that road. They are capable of an ordinary running speed of 100 miles per hour.

Will O'Connor, of Morris, has just completed his lumber jobs for this season. He got in ten million feet of logs for the Blossburg coal company and four million feet for Drake, Landrus & Co.

Two hundred and thirty six converts are reported as the result of the revival meetings at the Mansfield Methodist church.

A pine tree ninety feet in height was felled in Covington the other day with but one limb on the tree, and six perfectly clear twelve foot logs were cut out to the trunk.

A Clearfield man sent twenty five cents to a New York party for information in regard to keeping hydrants from freezing and was advised to dig it up and take it into the house.

Rumor promises a break in the Senatorial deadlock in Idaho to-day and it claims that ex-Senator Shoup will be the beneficiary. It was also rumored last week that arrangements had been made to elect Sweet, the other Republican candidate, nine Populist members of the Legislature having promised to vote for him. Rumor proved to be false in the latter case and it may be just as untrustworthy in the former case. The only thing certain is that the Idaho Legislature must elect a Senator in a few days or adjourn and leave a vacancy in the United States Senate. The Legislature convened January 1, and as its term is limited to sixty working days the time of adjournment is very near. If an extra session is called another deadlock may follow with no result again. The long delay and wrangling have already brought much odium on the party and a failure to elect now, with the expense of an extra session or a loss of one Senator to the Republicans added, will be a heavy burden to carry. The Idaho Republicans with their over whelming majority in the Legislature cannot escape the responsibility of a failure to elect a Senator.

For $15,000 Damages.

Harrisburg, March 8.—Mrs. Sarah Nye, one of the five widows whose husbands were killed while shoveling snow on the Pennsylvania railroad during the recent blizzard, today brought suit against the company to recover $15,000 damages.

"WHERE DIRT GATHERS, WASTE RULES."
GREAT SAVING RESULTS FROM THE USE OF
SAPOLIO

"THE LAND OF FLOWERS."

Personally-Conducted Tours to Florida via Pennsylvania Railroad.

Undoubtedly one of the most original and highly satisfactory creations of the Pennsylvania Railroad is the inauguration of personally-conducted tours under the supervision and direction of a Tourist Agent and Chaperon, and the marked success and popularity of the tours to Florida are due to several causes; the complete appointment of the special trains, the liberality of the rate and the return limit of tickets, are among the features that have attracted the traveling public.

The next tour of this year's series to Jacksonville, allowing two week's stay in Florida, will leave New Yor and Philadelphia on March 12. The rate, including transportation, meals *en route*, and Pullman berth on special train in each direction, is $50.00 from New York and $48.00 from Philadelphia; proportionate rates from other points.

For further information apply to Ticket Agents, or address Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia, to whom application for space should also be made.

Four State Items.

At Williamsport, Hugh P. Miller, aged 68, was found dead in bed by his wife Monday morning. He was an old soldier. It is supposed that rheumatism of the heart was the cause of death.

While the ice was moving at Sunbury Sunday afternoon a large black bass was thrown up on the bank. It measured twenty three inches in length and weighed five pounds and three quarters.

Judge Gordon made an order of court at Clearfield on Monday that hereafter all transfers of liquor licenses must be published the same as applications for license. This will give parties who are opposed to transfers a chance to be heard.

The Altoona Tribune says: A gentleman, resident of this city, who came from the vicinity of Carroltown on Saturday, reports that while a force of men were opening the country road between that place and Chest Springs, they came upon a horse and sleigh which had been completly buried in the snow, only the tips of the horse's ears being in sight. Being dug out the horse was found to be frozen stiff. In the sleigh were the robes, but no trace had been found of the occupants of the sleigh.

An Important Decision.

The Supreme Court of the United States have smashed some of the most valuable patents held by the Bell Telephone Company, in a decision just rendered, wherein it is held than any American patent on an article previously patented in a foreign country, expires in the United States on the date of its expiration in the foreign country, and this whether the application for a patent in the United States was made before or after the foreign patent was granted. The decision is said to affect property to the value of $600,000,000.

Ram's Horn Blasts.

Self-love is idolatry.

A self-made man likes to brag on his job.

Golden opportunities do not fly in circles.

The saloon will stay until the church says it must go.

People who think wrong will be sure to live that way.

A head conversion never puts any love in the heart.

Open the door for the penny, and the dollar will come in.

If we have no trials we have little fellowship with Christ.

As soon as gold was discovered somebody invented brass.

The devil never runs from the man who is not in earnest.

When a bad man reads the Bible the devil turns the leaves.

God's most effective preachers are not always sent to the pulpit.

If we do little, men and angels will know that we love little.

The man who believes that the Bible is God's word will obey it.

Follow Christ closely, and God will lead the man who follows you.

If God gives a thorn, it is because he sees that it is just what we need.

Whatever is not fully consecrated to God the devil still has a lien upon.

The money that brings us the most good is the money with which we do good.

Love has to be seen with the eyes of the heart before its name can be known.

God's business is never entrusted to the man who has no business of his own.

If some of our heads were not so big, God could do a great deal more for our hearts.

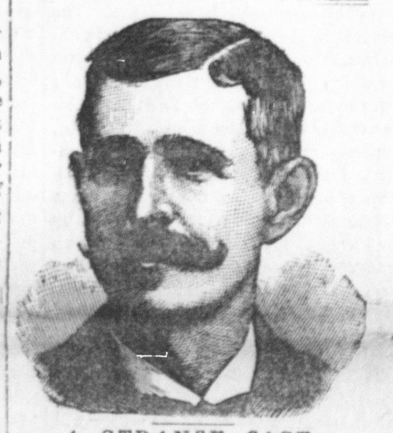
When meanness has been baptized and called religion it is as deadly as the smallpox.

The man who rejects Christ in spirit shuts the kingdom of God entirely out of his heart.

The devil gets a great deal of substantial help from the church member who grumbles.

Undertake to keep the ten commandments and you will soon find out that God is their maker.

—Tyrone has a new paper box factory, will soon have a race track and now they are trying to get something there to manufacture their mud into tile, etc. How enterprising they are up there!



A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that existed in my arms, hands and legs. I had to rub and beat those parts until they were sore, to overcome in a measure the dead feeling that had taken possession of them. In addition, I had a strange weakness in my back and around my waist, together with an indescribable 'gone' feeling in my stomach. Physicians said it was creeping paralysis, from which, according to their universal conclusion, there is no relief. Once it fastens upon a person, they say, it continues its insidious progress until it reaches a vital point and the sufferer dies. Such was my prospect. I had been doctoring a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr Miles' Restorative Nervine, procured a bottle and began using it. Marvelous as it may seem, but a few days had passed before every bit of that creepy feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 170 to 137. Four others have used Dr. Miles' Restorative Nervine on my recomendation, and it has been as satisfactory in their cases as in mine."—James Kane, La Rue, O.

Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It is free from opiates or dangerous drugs.

AN IMPORTANT CLUB OFFER
SCRIBNER'S MAGAZINE
-AND-
The Bellefonte Republican
For $3.75.
If purchased separately these periodicals would cost $4.50.

IT IS THE PLAN OF SCRIBNER'S to give its readers next year a history of the past 25 years in the United States. (1894-95.) These years have been unparralleled in the history of the world for national development and material progress. The narrative will be written in a graphic and picturesque style by President Andrews, of Brown University, and capable artists will illustrate it.

ROBERT GRANT whose "Reflections of a Married Man" will long be remembered, has written a series of articles on "The Art of Living," in which he sets himself to solve, as far as such problems can be solved, questions which beset every well-to-do family: The Income—The dwelling—Household Expenses—Education of Children—Married and Single Life—The Summer Problem, etc., etc. Beautifully illustrated.

GEORGE MEREDITH, whom more than one good authority has pronounced the greatest of living novelists, has written a strong serial, "The Amazing Marriage" to begin in January.

D. HOWELLS, will contribute a novel entitled "The Story of a Play."

IN THE LAND OF DON QUIXOTE will be a series of three sketches illustrated by Daniel Vierge's wonderful drawings.

SINGLE ARTICLES in great variety have been arranged for and the illustrations will be eleborate.

Scribner's For 1895 Will Be Better Than Ever.

If you desire only SCRIBNER'S MAGAZINE remit $3.00 to the Publishers:

CHAS. SCRIBNER'S SONS,
153-157 Fifth Avenue, N. Y.

For Public Schools.

Very little attention has been given by the papers and the people to a bill recently introduced in the legislature providing that every school room in the state shall have

"Two hundred and fifty photographic illustrations printed on cardboard, classed into nature, showing marvelous landscapes of the earth; engineering, showing miracles in stone and mortar; panorama, showing strange scenes, views of cities and noted places; art, showing pictures of sculptures of ancient and modern times; race types, showing varieties and number of different people of the earth; antiquity, showing the early efforts of man."

The cost of this comprehensive outfit is to be not less than "$10 nor more than $15 for each and every school room." The bill has passed the senate and is under consideration in the house. Any school district which does not care to spend $15 per school room for this purpose would do well to make timely representation to that effect either to its representative at Harrisburg or to Governor Hastings, who may be called to approve or veto the bill.

—It is estimated that there are 27,000 women in New York who support their husbands. Of course, the majority are rich women who have been married by ortune hunters—foreign and domestic Still, it is a reflection upon any man to lead an idle, worthless life. There is so much to do in this world that no man can fill the destinies of his creation by sitting with folded hands.

SULPHUR BITTERS

The Best and Purest Medicine EVER MADE.

It will drive the Humor from your system, and make your skin clean and smooth. Those Pimples and Blotches which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood-purifier,

SULPHUR BITTERS. Why suffer with Boils? Why rave with that terrible Headache? Why lay and loaf on that bed of pain, with Rheumatism? What makes you resemble so? Your nerves are all unstrung, and need a gentle soothing tonic to assist nature to repair the damage which your excesses have caused. Sulphur Bitters is not a cheap Rum or poor Whiskey drink, to be taken by the glass, like other preparations which stimulate only TO DESTROY. It is a cheap medicine, to be taken by the bottle, and will benefit from other med icines or doctors, do not despair. Use SULPHUR BITTERS. They will cure you where all others fail. You have failed to receive any benefit from No person can remain long sick who uses BITTERS. They never fail to cure.

SULPHUR Bitters

The Dose is small—only a teaspoonful. It is the best and cheapest medicine. Try it, and you will be satisfied.

Get it of your Druggist.

DON'T WAIT. GET IT AT ONCE

If you are suffering from Kidney Disease, and wish to live to old age, use SULPHUR BITTERS They never fail to cure.

VIGOROUS HEALTH FOR MEN

THE PASTILLE CURE FOR NERVOUS DEBILITY TRADE MARK

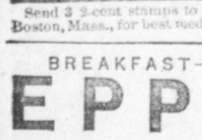
Prof. HARRIS' SOLUBLE MEDICATED Pastille

Has been put up in a proprietary form since 1878, and has been used for years prior to that time in private practice. It is no untried nostrum, of doubtful reputation, but a genuine specific for a very prevalent disease. Thousands of men, of all ages, have at some time in life brought on nervous debility and exhaustion, with organic weakness, by over brain work, excesses, too frequent indulgence or indiscretion and vicious habits, and it is to these that we offer a remedy that will, by its direct action upon the seat of the disease, stop the drain and restore the patient to vigorous health and strength.

Our method of introducing Prof. Harris' Pastille treatment is one which commends itself to all sensible persons—for the reason that we supply it upon their judgment of its value. We ask of our patrons nothing in the way of expense beyond a postal card and a two cent postage stamp. The postal card to be used in sending us their full address and the postage stamp for the letter returning the statement of their case for which we supply them with a question blank, to be filled out, and an envelope addressed to ourselves for use in returning it when filled.

FREE TRIAL PACKAGE. When we receive the statement on blank we prepare eight days' treatment and forward it by mail and prepay postage thereon—and along with the eight days' treatment we send full directions for using. The treatment in no way interferes with a person's attention to business, and causes no pain or inconvenience in any way.

We are so positive that it will give perfect satisfaction that we leave the matter of sending orders entirely with those using the free trial treatment. Having satisfied those sending for trial packages of our ability to benefit their sexual condition we feel that they are more largely interested than ourselves in continuing the use of the Pastilles. Even then we do not attempt to rob them by demanding high prices. On the contrary, we make the prices as low as possible, and the same to all. They are as follows: $3 for one month; $5 for two months; $7 for three months.



SHAPE & SIZE OF A SEMINAL PASTILLE

These prices secure the delivery of the Pastilles by mail. If desired by express we leave the patient to pay the charges. For over ten years we have operated our business upon this plan with satisfactory results.

We ask all persons needing treatment for any of the secret ills which come to mankind through a violation of nature's laws to send us their address on postal card or by letter and allow us to convince them that PROF. HARRIS' SOLUBLE MEDICATED PASTILLES have merit and are what they need.

All communications confidential and should be addressed to

WALKED IN FROM DAKOTA.

Mrs. Jennie West's Brave Struggle Against Adversity.

Chester, March 8—Mrs. Jennie West, a comely woman 20 years of age, was admitted to the Chester hospital last night bordering on pneumonia, due to exposure.

The story of hardship she told and her pitiful condition brought the tears to the eyes of the hospital staff.

She was found lying prostrate on the tracks of the Philadelphia and Reading railroad near Highland avenue, South Chester, at 5:30 o'clock, by a brakeman, who carried her to a near-by house and summoned S. R. Crothers. She was unconscious and her bedraggled condition showed that she had traveled a long distance and her soaked clothing that she laidion the track in the rain for some time.

When after hard work, the doctor had revived her, Mrs. West told the following story: She said her home was in South Dakota, but her husband dying she took her baby to Cumberland, O., where her parents lived. The old folks treated her unkindly and their abuse became unbearable. She determined to leave them and go to New York, where relatives would receive her.

Leaving her baby behind, Mrs. West, penniless, started to walk to New York. She struggled bravely along, running the risk of being arrested as a vagrant, subject to the insults of tramps and rowdies, going hungry for days, and only kept up by her will.

When she reached South Chester her shoes were worn through and her clothes in tatters. For four days she had not tasted food and is a physical wreck; with no physical strength to walk further and too proud to beg she threw herself on the track to die.

In another hour she would have died of exhaustion and exposure, but the accidental discovery of her body by the brakeman saved her. She is being well taken care of at the hospital, and when she recovers, which may be weeks, the citizens wil furnish her with money to reach her relatives in New York.

On Trial for His Life.

Macon, Ga., March 8.—In the trial of Anthony De Santo for the murder of Richard Lloyd at Minersville on the night of January 16, the commonwealth rested shortly before noon to-day. The evidence will not show that the killing was premeditated. The prisoner was put on the stand in his own behalf. He was cool and collected and told a straight story. He said that he was sitting at home that night. His wife and mother-in-law were with him. His two children were in bed. The men—Griffiths and Lloyd—knocked at the door twice before any answer was made and then his mother-in-law told the men to go away. They refused to go and then she went out to get police aid. While she was gone the men demanded to get in for immoral purposes. De Santo told the men to go away several times and when they did not go he went out. When the witness opened the door his wife cautioned him to mind himself, for there were three men and one was coming towards him. Griffiths then seized him by the neck and the other men kept hitting him on the back. The witness then drew the knife from his pocket and struck Griffiths and then turned around and struck the man now dead, Lloyd. De Santo said that he saw three men that night. He also corroborated other witnesses in the fact that he delivered himself up to the authorities. James Lacy, a next door neighbor, testified that he heard the men at the next door and heard De Santo repeatedly tell the men to go away. De Santo's wife is a comely young American girl and she sat by his side during the trial.

A Serious Wreck.

Macon, Ga., March 8.—The Florida vestibule train, south bound, Conductor Hubbard, Engineer Moore, was wrecked at Scottdale, Ga., about 5 o'clock this morning, by a tampering switch. The train consisted of three Pullmans, first and second class coaches, mail and express car, every one of which was derailed, the Pullmans, and first and second class coaches being thrown on their sides. One of the coaches was occupied by the Roland Reed company, the others having a full complement of passengers. That there was no great damage is miraculous. The schedule running time is fifty miles an hour, and the engine crashed into some box cars, telescoping itself in a box car.

Mrs. C. D. Subers, of Pickens, Miss., was killed. A 5-year old daughter of Mrs. Subers escaped injury.

The injured are: Roland Reed, injured in leg and back; Mrs. Mary Myers, of New York, severely wrenched back and shoulders; James Douglass, Brooklyn; Miss Isadore Rucb, New York; Julian Reed, Philadelphia; W. W. Bernan, of New York, all slightly injured; and all of the Roland Reed company; Mr. and Mrs. Hoffer, of Elyria, Ohio, and Mrs. P. H. Morton, of Cincinnati, are slightly injured.

Mrs. Suber's nursing babe escaped uninjured.

May be a Victim of Foul Play.

New York, March 8—No trace of the whereabouts of the Rev. John Owen Bache, the missing agent of the Union Central Life Insurance company of Cincinnatti, have been received in this city as yet. President Pattison said this morning: We have found no trace of Mr. Bache yet. We are looking for him with our own men. It seems to be settled that he had considerable of money with him, and somebody may have followed him for this, so that he may have met with foul play. It is also pretty well settled that he left the boat at Fall River and took the train for Boston, so if anything has happened to him we think it was in that city.

Washington, D. C.—Special Excursions via Pennsylvania Railroad

The Pennsylvania Railroad Company's excursions to Washington, D. C., offer an opportunity that should not be missed. Apart from the attractiveness of the nation's Capital, the scenery through which one travels *en route* makes the trip doubly interesting.

But two excursions of the series remain, one on March 21 and the last on April 11. Excursion tickets, good within ten days, and permitting of stop-over in Baltimore in either direction within limit, will be sold at rates quoted below, good for use on dates above named on all trains except the Pennsylvania Limited. Special train of parlor and day coaches will be run on the following schedule:—

Bellefonte.....10.34 A. M.	$7 25
Clearfield..... 9.59 "	7 25
Philipsburg.....10.41 "	7 25
Osceola.....10.50 "	7 25
Tyrone.....12.27 P. M.	7 25
Huntingdon.....12.55 "	6 65

Return coupons good on any regular train within the limit, except the Pennsylvania Limited.

Tickets on sale in Pittsburg, at Union Ticket Office, Fifth Avenue and Smithfield Street, and at all stations mentioned above. For full information apply to Thomas E. Watt, Passenger Agent Western District, 110 Fifth Avenue Pittsburg.

THE *Century* for March has two particularly fresh and unhackneyed subjects. In these globe-trotting days the account of "a new field of travel" will be greeted with pleasure by American travelers, and this Miss Harriet Waters Preston and Mr. Joseph Pennell, the artist, have found "Beyond the Adriatic," along the coast of Dalmatia and Albania, a region, moreover, which is now accessible to travelers. The second topic is the art of the late Jean Carries, the French sculpter and potter. The *Century* is the first of the magazines, we believe, to give attention to the important work of this artist, the appearance of whose work in the Salon of the Champ de Mars of 1892 caused his fellow-artists to demand and obtain for him from the President of the Republic the cross of the Legion of Honor. The text of the article is written by Emile Hovelaque, a French art critic, who, by the way, writes in English, considering the character and influence of Carrie's work upon the art of this time. Nine pictures of the sculptor's work—two from examples owned in America—are presented with the article.

BEFORE I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

HOT SPRINGS

Hoping to be cured by this celebrated treatment, but very soon became disgusted, and decided to TRY

S.S.S.

The effect was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured—cured by S. S. S. when the world-renowned Hot Springs had failed.

Advertisers and especially Advertising Agents, are respectfully informed that no notice will be taken of orders to insert advertisments at less rates than the above, nor will any notice be given to orders of parties unknown to the publisher, unless accompanied by the cash. EDWARD T. TUTEN.

Evangelical Conference.

At the Central Pennsylvania conference of the Evangelical church at York Saturday the conference was divided into five districts, and presiding elders were elected as follows: York district, A. H. Irvine, Carlisle district, W. Young; Centre district, A. Stapleton; Lewisburg district, H. W. Buck; Williamsport district, W. E. Datwiler.

Conference ordered that in the future the presiding elders are to prepare a list of lay delegates from each district and furnish the secretary the same at the commencement of each conference.

Conference ordered that hereafter the election for lay delegates be held at the third quarterly conference and the names be sent to the pastor at that place where the conference is to be held, at least three weeks before the time appointed for the conference.

Yesterday Rev. H. A. Benfer occupied the pulpit of the Duke street M. E. church in the morning and Rev. H. S. Bacom preached in the East King street Bethany mission in the evening.

NEW DISCOVERY.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Crown Silver Tea Spoons *Free*, to every person who will send for one of our Terry's Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Silvereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons.

Price of Silvereen set, $2.00. 17-2y.

TOLEDO SILVER CO, TOLEDO, O.

On Contagious Diseases.

The Board of Health at its last meeting instructed the Secretary to have that section of the law relating to contagious and infectious diseases printed in the newspapers in Bellefonte for the benefit of the public.

It is to be hoped that wherever such a disease is known to exist it will be promptly reported, not only by physicians in attendance, whose duty it is to report the same, but by any person knowing of the same, as the recent experience of the Board with a case of Scarlet Fever leads it to believe that cases might arise which would be kept from them temporarily thereby endangering the lives of many by a spread of such disease.

The section referred to reads as follows: "It shall be the duty of all physicians practicing within the Borough to report to the Secretary of said Board of Health the names and residences of all persons coming under their professional care afflicted with such contagious or infectious disease, in the manner directed by the said Board."

Dont's for Lent.

Don't borrow trouble while it's Lent.

Don't let charity cover too many sins.

Don't mistake billousness for repentance.

Don't forget that gossip is the recreation of the Evil One.

Don't demand more of other men than you require from yourself.

Don't forget that those who fast are happier, than those who are fast.

Don't think that your sackcloth is a failure if it isn't cut in the latest style.

Don't repent today what you are sure to do to-morrow. That leads to unhappiness.

Don't let your wife do the Lenten duties of the family, but try to live up to your better half.

Don't bother too much about your neighbors views of this life and the next. Make Lent a local issue.

—The postoffice department has decided that the statue prohibiting the use of postal cards for dunning purposes covers the case of poll tax collectors. They cannot legally notify delinquents by sending postal cards through the mail.

SPRAINS' and NEURALGIA'S Positive Cure ST. JACOBS OIL

FOSTER TALKS WEATHER.

Forecasts of Storm Waves and What They Will Cover.

St. Joseph, Mo., March 7.—My last bulletin gave forecasts of the storm waves to cross the continent from March 7 to 11 and 13 to 17. The next will reach the Pacific coast about 17th, cross the western mountain country by close of 18th, the great central valleys from 19th to 21st and the eastern states about the 22d.

The low of this storm wave will probably take a southern route and the amount precipitation caused by it will be large as compared with other storm wav of the month.

Taking the whole country the temperature average will run low during the middle part of March, but readers must remember that the temperature averages above on the south side of the storm tracks and below the north side. The warmwave will cross the western mountain country about 17th, great central valleys about 19th and eastern states about 21st. Cool wave will cross western mountain country about 20th, great central valleys 22d and eastern states 24th.

A total eclipse of the moon will take place on the night of March 10, by astronomical time and about 1 o'clock on the morning of 11th by civil time. Astronomers begin the day at noon and our civil laws make a legal civil day begin at the midnight before. For this reason there is often a misunderstanding about dates when speaking of astronomical matters. This difference in time has been running so long that the records would be badly mixed by making a change so that astronomical and civil time would agree, but many astronomers advocate such a change.

Corn and Wheat Crop.

The crop report of the department of agriculture for the month of March consists principally of estimates of the distribution of corn and wheat, the stocks remaining in the hands of farmers and the proportions of merchantable and unmerchantable. All grain in the hands of farmers, including amounts remaining over from previous years are embraced in the estimates given. The corn on hand as estimated, aggregates 475,564,450 bushels, or 39.2 per cent. of the last crop. This proportion has been exceeded but four times in the last ten years; the quantity, however, is an unprecedentedly small one. The consumption of corn for eight months is an unusually small one, which fact is explained by the large amount of well fed stock. The estimated amount of wheat in farmers' hands is 75,000,000 or 16.3 per cent. of the last crop and is 39,000,000 less than last March. The explanation for this is in a large measure to be found in the fact that large quantities have been fed to hogs and other stock.

Sale in College Township.

The public sale of farm implements and stock on the farm of Dr. Theo. Christ, in College township, on Tuesday was very largely attended. A Centre Hall cornplanter, two plows, after being used for three plantings, sold for fourteen dollars. A Bullard hay tedder sold for fourteen dollars and fifty cents. Other implements brought fair prices. Pigs, five weeks old, sold for $1.10, shoats at about 6 cents a pound and sows from ten to seventeen dollars each. The best cow brought forty-seven dollars; the best horse one hundred and twenty dollars and the next best ninety six dollars.

The doctor proposes to locate at State College, where he will resume the practice of medicine.

Almost Blind

Inflamed Eyes and Running Sores

The Success of Hood's Causes Great Rejoicing—A Perfect Cure.

Miss Cora B. Ebert
Barnesville, Pa.

"C. I. Hood & Co., Lowell, Mass.:

"I feel it a duty to state what Hood's Sarsaparilla has done for me. I was almost blind, being compelled to stay in a darkened room on account of inflammation of the eyes. I also suffered with running sores on my body. I was in terrible condition. My mother tried every thing she knew about and I was attended by two doctors but without helping me. Finally Hood's Sarsaparilla was recommended and I had not taken two bottles before I began to get better. The inflammation left my eyes and the sores healed, and the result was that

I Became Stronger,

and was restored to perfect health. At that time I was only twelve years old; now I am nineteen and I have not since been troubled with my eyes or noticed any sign of a return of the sores on my body. I can recommend Hood's Sarsaparilla as an excellent blood purifying medicine." MISS CORA EBERT, Barnesville, Pa.

Hood's Sarsaparilla Cures

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

DR. W. H. HORSE.

Endorsement Based Upon Experience.

Newark (N. J.) Evening News.

"Most certainly," was the emphatic reply of Dr. Morse when asked by a "News" reporter if the words of commendation of Dr. David Kennedy's Favorite Remedy, that recently appeared in the press was veritable.

"I studied medicine," he said, "with Dr. A. N. Allen, for many years the leading practioneer of Massachusetts. Visiting several years after, he related to me the case of a patient of his who had been cured of stone by solvents. Naturally I inquired into the matter, and he told me. In the town of Dalton, Mass., his patient lived, and that he had literally suffered many things of many physicians, and they the best of the state. There has been a diversity of opinion as to his ailment, but the doctor had diagnosed chronic inblamation of the kidneys, and his pregnosis had been 'incurable. I had known of this case—a mere wreck of a man, suffering pessimistic. But now, greatly to my surprise, the doctor told me that he was actually cured. He had taken Dr. David Kennedy's Favorite Remedy, and not only had grown stronger and better, but had passed several pieces of stone. The Remedy had promoted the passage of the calculi and had acted as solvent. I saw this man a few days later looking well, feeling finely and speaking in the highest terms of the Remedy. I was led to examine it chemically and to test it therapeutically. My deductions have been such as to corroborate the clenicle experience of many other medical men, that Dr. David Kennedy's Favorite Remedy will do that which is claimed for it; and I consider it a great discovery.

The great value of Dr. David Kennedy's Favorite Remedy lies in the fact that it dissolves the excess of uric acid in the blood. Many of the ailments people suffer from—for instance rheumatism, neuralgia, nervousness, dyspepsia, kidney liver and urinary troubles, and the sickness peculiar to women, come from this cause. Favorite Remedy dissolves this acid, expels it from the system, thus curing the disease. In cases of scrofula, diabetes and Bright's disease, it cures where all other treatments have failed.

Newton Hamilton's Gold Craze.

Newton Hamilton's gold fever has not abated any. The rock found in the well on the ground owned by J. R. Rhodes has been assayed and yielded thirty dollars worth of gold and two dollars worth of silver. A correspondent from that place to the Lewistown Free Press says that the whole town seems to be underlaid with that kind of rock. A shaft is being sunk on the lot of J. D. Miller to ascertain whether gold can be found in paying quantities. It wasn't long since that there was an oil and gas craze in the same town.

Mental Alertness

depends very largely on the physical condition. Sluggish blood dulls the brain. A Ripan's Tabule after meals will clear away the fogs in short order.

A Clean Cut Opinion.

This is the way the Runge (Texas) Karnes County *News* speaks of Cleveland and his appointments:

"Although the news is unable always to agree with President Cleveland we seldom have any fault to find with his appointment of men to office, his appointees being almost universally recognized by men of all parties, as men of exceptional ability and qualifications for the places they are appointed to. This is especially the case in his recent appointment of congressman Wilson to succed Bissell as Postmaster General. Mr. Wilson is a man of brains, integrity and energy and this is the kind of men we need in the public service. Besides this, Mr. Wilson is another of the men who wore the gray and honored it, a class whom Mr. Cleveland has never failed to honor in spite of the clamorous opposition of narrow minded partisan bigots and ignorant demagogues and blatherskites."

The above is so unqualifiedly southern in its tone that it is unnecessary to make any comment.

A Rare Opportunity.

Any man or woman without previous experience can earn pay for whole or part time for selling seed potatoes and nursery stock for J. E. WHITNEY, Rochester, New York. 25-47-1yr

Grand Concert.

Mr. Arthur Kitson, of Philadelphia, will give a concert in the Presbyterian church on Friday evening, March 15th at 8 o'clock. Mr. Nowinski, the celebrated violinist, and Signor Spaghetti, a well known baritone, will also take part. Tickets, 50 cents.

—The ladies of the Village Improvement committee are of the opinion that it will be a great improvement to do away with so much corner loafing and congregating in front of hotels, and they are going to see that the Burgess and police enforce the ordinance forbidding all such.

DISPENSED WITH CLERKS.

Reforms Being Inaugurated in the Department at Washington.

Washington, March 10.—On the 3d day of March, 1893, congress created a joint commission to reorganize the accounting system and business methods in the executive departments. The commission consisted of Representatives Dockery, of Missouri; Richardson, of Tennessee and Dingley, of Maine, and Senators Cockrell, of Missouri; Jones of Arkansas and Cullom, of Illinois.

A voluminous report, just made public, claims as the result of the labors of this commission that the services of 251 clerks in the executive departments have been dispensed with, whose salaries aggregated $361,000 annually. To this must be added a saving of $247,000 in miscellaneous items, making a total saving to the government of $608,000. The commission have suggested other reforms which, if adopted, will result in an increased saving to the government of $450,000, and which will result in the dismissal of 252 additional clerks in the executive department.

Huntingdon Presbytery.

A meeting of the committee and friends of the centennial excercises of the Huntingdon presbytery, to be held at Huntingdon, April 9, 1895, met in the office of Colonel William Dorris, in that town, on Friday last at 2 p. m. The chairman, Gen. James A. Beaver, called the meeting to order and John Clark, of Williamsburg was elected secretary pro tem. The following persons were present: General James A. Beaver, Rev. D. H. H. Barron, D. D. Rev. J. M. Mathers, D. D., Rev. D. K. Freeman, D. D., Revs. J. C. Kelly, Emil Lewey, Drs. W. H. Morrow, Rowan Clark J. F. Ellsworth and William Dorris. It was resolved to invite the moderators of the general assembly and of the synod of Pennsylvania to be present and deliver addresses on that occasion.

Solve This Problem.

A discussion is raging in Erie, says the Dispatch, over this question, propounded by a school teacher to her class: "If a tree located in a forest should fall and no one should see it, would it make a noise?" The question has created much discussion among the pupils to whom it was presented, and it has spread into older and wider circles. The debate turns upon the theory that sound exists only in the ear, and that there can be no sound where there is no ear to receive and respond to the atmospheric waves.

—The Court refused to order a special election in the tie for council in the Third ward of Philipsburg existing between A. J. Graham and J. W. Stein, ordering that the vacancy be filled by council at its next session.

—There was no election of a first lieutenant for company B on Tuesday evening. Twelve ballots were taken and no choice made between George Jackson and Hugh S. Taylor, both of whom seemed to have a very strong following. It requires 27 votes to elect while the ballots zigzagged around from a tie at 20 each to 16 to 24 in Taylor's favor. The majority of the ballots, however, stood 21 to 19.

WHAT IRON WILL DO.

IRON IS NATURE'S OWN TONIC.
Stimulates the appetite and produces refreshing sleep.
GIVES VITAL STRENGTH TO NURSING MOTHERS.
Checks wasting diseases, stops night sweats, cures incipient consumption.
Increases strength and flesh.
MAKES RED, RICH BLOOD,

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, Pres.,

The Centaur Company, 77 Murray Street, New York City.

GREAT SPRING OPENING
—OF—
Dress Goods, Lace Curtains, Carpets, Prints, Ginghams, Shoes, Clothing, etc.

Jan. 30, 1895.

The Spring is your most dangerous time!

Get your blood pure and your nerves strong.

Dr. Greene's Nervura Blood and Nerve Remedy,

Guaranteed Purely Vegetable and Harmless, IS THE GREATEST AND BEST

Spring Medicine!

Are You Prepared for Spring?

S. W. NOURSE, Esq.

It is necessary to prepare yourself for the advent of spring by taking a spring medicine. Use the remedy which cured S. W. Nourse, Esq., of Hudson, Mass.

"From constant worry over business matters," he said, "I suffered from the loss of sleep, and became so nervous that I was entirely unfitted for my business. In fact, I feared insanity. I used Dr. Greene's Nervura blood and nerve remedy. The effect was almost magical. I could again sleep, mental composure, appetite, and strength returned. Six bottles of this remedy cured me, and I have remained well to this date. I have recommended Dr. Greene's Nervura blood and nerve remedy to many of my friends and neighbors, and have yet to learn of a failure to obtain good results."

He was Cured by Dr. Greene's Nervura Blood and Nerve Remedy.

How to Get Well and Keep Well.

MRS. OLIVER WILSON.

Do You Feel Weak, Tired, and Nervous?

The wonderful cure of Mrs. Oliver Wilson, of Northboro, Mass., will interest you.

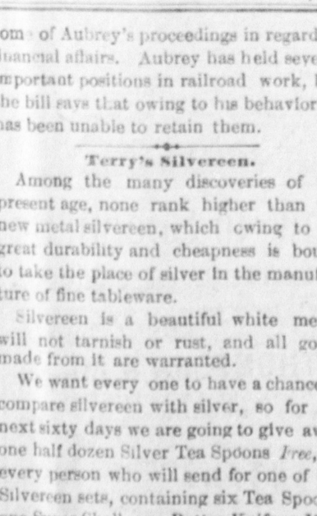
"I was suffering from nervousness," she says, "caused by female weakness and nervous prostration. I was so nervous and weak I could not go up a common pair of stairs without stopping to rest, and was troubled to sleep at night. I took Dr. Greene's Nervura blood and nerve remedy, and have obtained my old elastic step around the house, to the surprise of my friends. After creeping around for two years, hardly able to do anything, it has proved a boon to me truly. I know of many others whom it has cured and who speak most highly in praise of it."

Everybody Should take a Spring Medicine.

Read this and You Will Know What to Use.

Mrs. Elmer Craig, of LeRoy, Ill., tells you how you can be well and strong:

"I was stricken with nervous disease," she says, "which affected my head, and stomach. I doctored with physicians of our town, but got no relief from the terrible sick headaches, pains in the heart and stomach until I used Dr. Greene's Nervura blood and nerve remedy. Before I used this wonderful medicine the nerves in my eyes were so affected that I feared that I would lose my sight. I would get so nervous and weak I could not walk across the room without terrible palpitation of the heart. I had not taken one bottle of Dr. Greene's Nervura blood and nerve remedy before my head and eyes were cleared of their dull aching, and I am growing stronger every day. I cannot do half justice in the praise of this medicine."



MRS. ELMER CRAIG.

Is Your Blood Pure, Are Your Nerves Strong?

Mr. Seth E. Parsons, of 22 Park St., Albany, N. Y., one of Albany's most prominent business men, states:

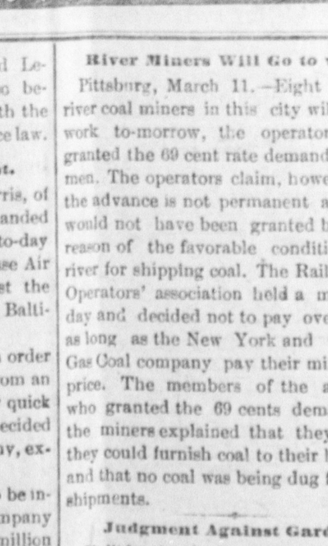
"I was very nervous. I could not hold my hands still, especially my left hand; there was an involuntary contraction of the muscles and movement of the fingers.

"My food troubled me very soon after eating. My kidneys and bladder were affected so it was difficult to urinate freely.

"I used the celebrated medicine, Dr. Greene's Nervura blood and nerve remedy, and without being tedious reciting my experience, I can say that these difficulties have left me, and my nerves are quiet and my food does not distress me.

"I feel without hesitation in saying that I think Dr. Greene's Nervura blood and nerve remedy has produced these favorable results."

Dr. Greene's Nervura Blood and Nerve Remedy Cured Him.



MR. SETH E. PARSONS.

To get well and to keep well, take

Dr. Greene's Nervura Blood and Nerve Remedy.

It is the discovery and Prescription of a successful Physician.

DR. GREENE, 35 West 14th St., New York City, can be consulted free, personally or by letter.

Sold by all Druggists. Price $1 per bottle. Accept no substitute. This remedy has no equal.

WANTS A DIVORCE.

The Result of a Sensational Run away Match Now Prominent.

Chicago, March 11.—Pauline Cony Aubrey, daughter of Chief Justice Fuller, of the United States supreme court, has applied to the circuit court, for a divorce from her husband, James Matthew Aubrey Jr.

The bill was filed in the circuit court this morning. This is the outcome of the sensational runaway match which startled Chicago society in March 1889. It will be remembered that the couple were married in Milwaukee, March 19, 1889. Miss Fuller was 18 years old at the time and Aubrey was 22. A short time before Chief Justice Fuller had gone to Washington to take his seat on the supreme bench. Miss Fuller had been in Washington, but returned to Chicago on the pretext of visiting friends. The marriage was a complete surprise to the families of both the young people and not many months after, became the source of chagrin and sorrow through the flagrant excesses of the young husband. For a year or more Mrs. Aubrey has been living with her parents, unable longer to bear her husband's conduct. Mrs. Aubrey in her bill says that her husband contracted the liquor habit, and to that she attributes all her domestic difficulties. She says that she was compelled to leave her husband and take refuge with her father. The court is asked to exclude Aubrey from participating in any manner with the education or control of their two children, aged 5 and 4 years respectively.

Aubrey is at present in Chicago, where he has been served with a process. A short time ago he experienced difficulty over a board bill at Sioux City. It is claimed that he represented himself as an official of the Chicago and Northwestern railroad and in this manner obtained credit at the hotel. His father-in-law, it is claimed, has been put to a good deal of trouble over some of Aubrey's proceedings in regard to financial affairs. Aubrey has held several important positions in railroad work, but the bill says that owing to his behavior he has been unable to retain them.

Terry's Silvereen.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Silver Tea Spoons *Free*, to every person who will send for one of our Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Sivereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons. Send at once as this offer is for 60 days only.

Price of Silvereen set $2.00.

TOLEDO SILVER CO.
f1-3m TOLEDO, OHIO

The Lehigh Withdraws.

Philadelphia, March 11.—Anthracite coal operators and dealers in Philadelphia to-day received from the Lehigh Valley Railroad company official notification of the withdrawal of the old joint rate from the mines to points on the Reading company's system, and with which was enclosed the new tariff sheet, giving the rate to South Bethlehem and East Penn Junction, the points of connection with the Reading. The change is not to take effect until March 20, although the withdrawal of the old joint rate on the part of the Reading went into effect to-day. The naming of the latter by the Lehigh Valley company is stated to be due to the desire of that company not to inflict any hardships upon dealers who have ordered Lehigh Valley coal in advance, and also because the action is in compliance with the provisions of the inter-state commerce law.

Long Expected Came at Last.

Baltimore, March 11.—Judge Morris, of the United States district court handed down his long-looked-for decision to-day in the patent suit of the Westinghouse Air brake company, of Pittsburg, against the Boyden Power Brake company, of Baltimore.

The suit was brought to secure an order restraining the Boyden company from an alleged infringement of a patent for quick action air brakes. Judge Morris decided in favor of the Westinghouse company, except in some minor details.

A vast amount of money is said to be involved in this suit. The Boyden company is said to have spent a quarter of a million dollars in developing its brake, which is used on some fifty or sixty railroads.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceedingly promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by F. Potts Green, Bellefonte, Pa. v26-5-1y

In Favor of Roberts.

Pittsburg, March 11.—Judge Buffington to-day filed an opinion in the United States circuit court in the case of Henry Roberts, George T. Oliver and Andrew Day against the Pittsburg Wire company, sustaining the claim of Roberts as the inventor of the inclined floor and guides now used in many rod mills. The decision secures to the plaintiffs about $300,000 a year in royalties, as well as heavy penalties from concerns who have been using the device without license.

River Miners Will Go to work.

Pittsburg, March 11.—Eight thousand river coal miners in this city will start to work to-morrow, the operators having granted the 69 cent rate demanded by the men. The operators claim, however, that the advance is not permanent and that it would not have been granted but for the reason of the favorable condition of the river for shipping coal. The Railroad Coal Operators' association held a meeting to-day and decided not to pay over 55 cents as long as the New York and Cleveland Gas Coal company pay their miners that price. The members of the association who granted the 69 cents demanded by the miners explained that they did it so they could furnish coal to their local trade and that no coal was being dug for outside shipments.

Judgment Against Gardner.

Hollidaysburg, Pa., March 11.—Judge Martin Bell, of the Blair county court, rendered an important decision to-day in the case of the Second National bank of Altoona against Henry A. Gardner, its missing cashier. The bank had sued Gardner, and the sheriff had served the summons by leaving a copy at his residence Relatives petitioned the court to set aside the summons as invalid, because the cashier had abandoned his residence. The court decided that Gardner was merely a fugitive from justice and had gained no domicile elsewhere, and therefore, a service at his last known residence was legal. The bank was given leave to enter judgment for $95,000, the amount of the defalcation.

Celebrated Trial Began.

BROOKLYN, N. Y. March 11.—The trial of Clarence and Sadie Robinson, charged with the murder of Montgomery Gibbs, a young lawyer, on the night of April 28, 1894, began here to-day. The murder of Gibbs excited widespread interest at the time it occurred and the trial is certain to attract great attention.

LIST OF JURORS.

Drawn for the April Term of Court. Is Your Name There?

The new board of jury commissioners, composed of Joseph Hoy, of Marion township, and John D. Decker, of Potter township, met for the first time and drew the following list of jurors to serve at the April term of court:

GRAND JURORS.

John Deitz, farmer, Howard twp.
Thomas Mayes, teamstee, S. Philipsburg,
P W Barnhart, farmer, Boggs.
Clareuce Gladfelter, laborer, Liberty.
Alfred Jones, merchant, Philipsburg.
F Potts Green, druggist, Bellefonte.
David Gingerich, laborer, Huston.
C R Graham, laborer, Snow Shoe.
Thomas Burns, farmer, Huston.
George Eckel. harnessmaker, Ferguson.
Lot Struble, laborer, Spring.
Alleve Kellar, laborer, Burnside.
Jacob Krumrine, butcher, College.
David Sowers, farmer, Gregg.
A A Schenck, tinner, Howard boro.
A J Graham, coal operator, Philipsburg.

DR. KILMER & CO., BINGHAMTON, N. Y.

Other Counties.

It cost Tioga county $134,000 to run business last year.

The 100th council of Huntingdon borough started out by reducing salaries.

It is said that about 150 feet of the river dam below Newton Hamilton was torn out by the ice flow on Saturday last.

The Juniata conference of the Lutheran synod at Central Pennsylvania will meet at Marysville, Perry county, on March 11, 12 and 13.

Newport has organized a society for the suppresion of vices.

The Juniata river was twenty feet above low water mark at Newport on Saturday when the ice passed down from the Lewistown dam.

Recent Huntingdon county deaths: Jere Need, of Clay township, aged 77 years; Mrs. John Helfner, in Huntingdon; Miss Mary Ann Allison, in Menno township.

Simpson Smith, died at Watsontown yesterday aged 73.

Recent deaths in Perry county; Robert Fry, Spring township, aged 65 years; John Bohn, Andersonburg, aged 62 years; Mrs. Sarah C. Green, Baskinsville, aged 48 years.

Fifty-two conversions are reported from the protracted meeting in the West Clearfield Methodist Episcopal church to date.

An early morning fire at DuBois Tuesday badly gutted the first story of the Vosburg block.

"You don't seem to have much confidence in the microbe and bacteria theory," a gentleman writes, "and I must confess that I am considerably on the fence, myself, for after you have decided that the microbe is the cause of disease, how are you going to account for the microbe? But I wanted to say to you that I have had the grippe, and I didn't imagine it either. Somebody else may have had as hard a backache and pain in the head as I did, but it doesn't creditable. It is now three weeks since the acute misery left me, but I am still weak and listless, and very low spirited. I have no appetite, and I can't sleep. I want to know if your New York physicians have any new ideas with regard to the building up of strength after one of the attacks?"

Yes, they have. They give Bovinine, a food which does not tax the digestion, and which speedily makes tissue and imparts strength, and they do not give much medicine. If you are taking drugs, stop it, and substitute Bovinine. In a week you wont know yourself for the same weary and discouraged man.

ELEANOR KIRK.

The Golden Star

Gold Mining Company

OF MONTANA.

Capital $300,000 divided into 300,000 shares of $1 par value each.

Non-assessable forever.

This company owns two gold mines located in a county which produced $40,000,000 in gold in six years. Has 45 acres of virgin land. Has 500 feet of underground work in shape of shafts and tunnels. Has ore in sight worth $100 per ton. Has assays from $25 to $1,500 per ton. Has shipped ore netting $36 per ton. Has such a small capitalization, only 300,000 shares and not 2,000,000 shares as other companies.

The company intends to sink a shaft through this rich $100 ore vein to a depth of several hundred feet, in order to be able to produce largely for the benefit of the stockholders which will get this profit in large monthly dividends. Hence the company offers a small amount of its stock at the extremely low price of 40 cents a share.

These shares are the investment on the financial market to-day and are better than Government Bonds as they will pay bigger interest.

Write at once for reports and other literature. Address,

The Golden Star Gold Mining Company.
No. 1505 Schiller Theatre,
Chicago, Illinois.

SCANDAL COMING.

Alleged Defficiencies in a Missionary Society's Account.

New York, March 7.—The alleged deficiencies in the accounts of the American Church Missionary society, and which have resulted so far in the secretary of the body, Rev. W. A. Newbold, severing his connection with it, promise to be brimful of scandal. The deficit amounts to some $19,000. Chairman of the finance committe, George C. White, declined to say whether or not proceedings would be instituted against the alleged offender.

Mr. White said the result of the experts investigation showed that Mr. Newbold had overdrawn from the society the sum of $12,000 over and above all due him for salary and, futhermore, the money received from interests and other sources to the amount of about $7,000 he has failed to credit on the books, and the checks for the same were not deposited in the society's bank account. Mr. Newbold has confessed to four different members of the society these defalcations, and we also have a letter written by him, confessing his crime and pleading on the score of past service for leniency and claiming that he was obliged to take this money to support a large and expensive family. Mr. Newbold lives in a fine place at Mont Clair N. J., which he states to the press he estimates to be worth $25,000, and also keeps horses and carriages. The house is mortgaged for about $11,000 and has expressed his willingness to deed whatever equity is in it to the society. He has been secretary for twenty-six years and has always been most implicity trusted by the officers and members of the board. The expert accountant has ascertained that for certainly the past ten years, and how much longer we don't know he has been systematically robbing the sacred treasury of the society. Treasurer Oakley was present at a private meeting of the board this evening.

The Income Tax.

Washington March 8.—The argument in the income tax cases was continued in the supreme court of the United States to day in the presence of an audience of visitors who more than exhausted the accommodations provided for them, and of a large number of attorneys and members of congress who were interested in the out come of the case.

Mr. W. D. Guthrie concluded his opening argument in opposition to the law, and was followod by Clarance A. Seward, also of New York, upon the same side. The new speaker was Assistant Attorney General Whitney, who had not concluded his argument when court adjourned until Monday.

—And now Philipsburg would like to have the Dougherty Typewriter company locate in that place. It is certain if Bellefonte wants it, she will have to hustle.

WHY?

QUESTIONS WOMEN ASK

Here Answered with Good Sound Reason.

[SPECIAL TO OUR LADY READERS.]

Why do people say that Lydia E. Pinkham's treatment, especially her Vegetable Compound, effects cures beyond the physician's skill?

Because of the fact that a woman best understands a woman'sills. What man ever suffered a single pang like unto woman? Man works from theory only.

Why do tens of thousands of women write to Mrs. Pinkham at Lynn, Mass., telling their most secret thoughts?

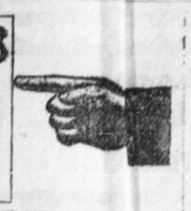
Because they know that their letters go straight to the hands of a woman, are opened, read, and answered by a woman, who as a woman has made woman's ills a life study, and because she never fails them, and cures cases which the doctor cannot.

The lady who asks that the following letter be published, gives concisely the uniform expression of gratitude contained in thousands of other letters in Mrs. Pinkham's possession.

"For eight years I suffered with neuralgia of the womb, backache, severe pains all through my body, and kidney trouble. None of the doctors did me any good. I took twelve bottles of your Vegetable Compound, and cannot thank you enough for the relief I found.

"I am now well cured of all those pains. I should advise every woman to take *Lydia E. Pinkham's* Vegetable Compound who has any female trouble. I had a friend who was to go under an operation. I advised her first to try the Compound. She did, and is now so much better and stronger she has given up all thoughts of the operation."—Mrs. M. WILDE, 2137 Park St., Tioga, Pa.

CARTER'S LITTLE LIVER PILLS.



CURE

Sick Headache and relieve all the trouble incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all Disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

Romola Rumblings.

Quite a few of our young folks are at present ill with measles.

J. A. Daley is still sojourning in Washington, D. C.

Mr. Jacob Shank and family have moved from this place to the W. P. Lucas farm in Marion township. Our best wishes go with them.

Mrs. William M. Packer is again able to be around.

Prof. A. Girod spent Thursday with friends here.

The Y. P. S. C. E. will, in a few weeks, give another of their socials.

Charles Robb is at present learning the blacksmith trade with B. F. Holter, of Howard. We wish him success.

William Mann recently purchased a fine young team of horses.

Another wedding will take place in a few days. Keep your eyes open. * *

More Licenses Granted

Wednesday afternoon the court handed down the following additional decisions in license cases:

Granted—Tavern license, Cotlieb Haag, Bellefonte; John A. Erb, Philipsburg. Wholesale liquor, J. C. Hicklen, Orin Vail George E. Cdanhler, Philipsburg. Wholesale beer, George E. Lamb, Philipsburg. Brewer, Robert L. Haas, Benner township.

Refused—Tavern license, Jesse Long, Gregg tonwship. Wholesale liquor, A. Baum, Bellefonte, and James Lehman, Philipsburg. There are yet 15 applications to dispose of.

Death of Mrs. E. P. Tate.

Thursday morning, of this week, at 5:30 o'clock Mrs. E. Potter Tate, of near Jacksonville, entered the valley of death. She became ill last Saturday night with a bad cold which terminated in pneumonia. She leaves a husband and six children. Her age was 48 years, 7 months and 9 days. For many years Mrs. Tate was connected with the Lutheran church and was truly a good woman. While she was sick and racked with pain she prayed and served her Master. The funeral will take place Sunday morning at 9:30 o'clock. After the service at the house the remains will be conveyed to Meyer's grave yard on Buffalo Run, where interment will be made.

Defrauding Farmers.

Farmers are being caught on the bill. board privilege racket. Two men paint a sign on the farmer's fence and give him a few dollars to guarantee them that no one else will be permitted to paint signs over them. The farmer is asked to sign a receipt acknowledging the payment of the money in order that they can return the same to their employer. The receipt which he signs turns out to be a promissory note for $300 or $500, as the case may be.

For Worthy Veterans.

Pensioners hereabout will be gratified to learn that the commissioner of pensions has made the statement that the act recently passed by congress providing that all persons on the pension rolls at less than $6 per month should be raised to that amount affected about 40,000 old soldiers. He added that it was unnecessary for pensioners of this class to file applications for increase, as the bureau would take prompt action in adjusting their claims.

Bridge Carried Away.

The Moshannon bridge connecting Centre and Clearfield counties, several miles above Philipsburg, was swept off the abutments by an ice gorge and la heard of was nine miles down stream. This is a county bridge, rebuilt in 1889 after the June flood. This is the only damage done to bridges in Centre county by ice gorges thus far this year.

Opera House Attractions.

"Little Trixie," Monday March 18.

Neal Burgess' famous "County Fair" Friday, March 22.

"Grimes' Cellar Door," Tuesday, April 2nd.

—Sunday, March 17th, is St. Patrick's day this year.

THERE is but one way in the world to be sure of having the best paint, and that is to use only a well-established brand of strictly pure white lead, pure linseed oil, and pure colors.*

The following brands are standard, "Old Dutch" process, and are always absolutely

Strictly Pure White Lead

"Armstrong & McKelvy,"
"Beymer-Bauman,"
"Davis-Chambers,"
"Fahnestock."

* If you want colored paint, tint any of the above strictly pure leads with National Lead Co.'s Pure White Lead Tinting Colors.

These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of Strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead.

Send us a postal card and get our book on paints and color-card, free.

THE PROCTER & GAMBLE CO., CIN'TI.

Local Institute.

The teachers local institute which was to have been held at Stormstown, will be held in the Centennial school house on Saturday, March 16. All persons are cordially invited to attend and take part. The following subjects will be discussed:

"How should teachers spend their vacation?" E. J. Williams, N. J. Krebs.

"Primary reading," M. E. Heberling, Ella Fleck.

"Arithmetic," A. C. Williams, D. W. Showalter.

"Recitations," J. Harpster, W. Karns, Ida Williams.

"Uniformity of text books," J. O. Harpster, Lucy Rowan.

"How would you conduct a recitation in physiology?" E. S. Spotts, W W. Woodring.

"Music in school," Jacob Rhone Mary Zimmerman.

Opera House Improvements.

On Tuesday Manager Garman awarded a contract to the Phoenix planing mill for some extensive improvements. The back row of seats are to be removed and a partition will be put across the entire rear of the room. It will be of wains coating four and one-half feet high and from that to the ceiling will be a sash containing paneled colored glass. The sash will be hung on weights so it can drop in the wains-coating and give a full view of the stage. This will convert the back part of the room into a lobby. There will be but one entrance to the first floor, through swinging doors, and but one stairway to the balcony open. This will avoid the cold blasts from the hallway, making the house more comfortable and convenient. The improvements will be completed for "Little Trixie," Monday the 18th.

A New Election.

There will have to be a new election in the Third ward to settle the tie between the candidates for council, Graham and Stein. It is but just to Mr. Graham to state that he was perfectly willing to settle the matter in any way that would avoid the expense of an election, but Mr. Stein and some of his friends insisted on a new election and Mr. Graham finally signed the petition under protest. Attorney Crosby took the petition to court yesterday morning.—Wednesday's Philipsburg *Ledger*.

Truthful Remarks.

An exchange thus voices the expression of every local publisher in this land: A newspaper man is blamed with a lot that he can't help, such as using partiality in mentioning visitors, giving news about some people and ignoring the coming and going of others, etc. He simply prints the news he can find, or which is brought to his attention. Some people inform him about such things, while others do not. An editor should not be expected to know the names and residences of all your uncles and aunts.

Hand to Hand Encounter.

A correspondent in the Millheim *Journal* from Poe Mills say:

A man by the name of Kleckner had a hand to hand encounter with an old bear and three cubs last week. He was in the act of trimming a tree which he had just felled, when the old bear sprang upon him. No tree being handy, he climmed a sapling which bent to the ground with his weight. After making three unsuccessfu attempts to get away M. Ahearn appeared on the scene and together they drove the bear off with clubs and axes.

A Question for Young Men.

Some one has said: "He who marries for love, gets a wife; who marries for position, gets a lady, who marries for fortune, gets a mistress." If you are sick, your wife will nurse yon; your lady will visit you and your mistress will inquire about your health. If you die, your wife will weep for you; your lady will lament and your mistress wear mourning. Which of these do you prefer?

An Easter Ball.

The Undine Steam Fire Engine company is making arrangements for the holding of a grand Easter ball on Monday, April 14th. The company is in need of money and they are taking this as a means of raising the same and the people of Bellefonte should see that they are patronized liberally. The best of music will be provided and the best of order will be maintained at all times.

The Lutheran Sociable.

The Lutheran sociable on Thursday evening was a very pleasant and enjoyable affair. Mr. and Mrs. Dukeman know just how to make it pleasant for their guests, and have everybody feel at home by their courteous treatment and reception. And, although the weather was unpleasant, the house was filled to overflowing by a very social crowd who came to spend a pleasant evening, and they were not disappointed. All joined heartily in the various amusements and the rapidity with which the refreshments disappeared was a pleasure to the committee. For further particulars our readers are referred to John Q. Miles and W. Galor Morrison, who disposed of the surplus refreshments and added to the receipts of the evening. Watch the announcement for the next, and come again.

Famished Deer.

The deep snow and intense cold we had since the holidays set hard upon all wild animals and many, no doubt, perished from starvation. E. M. Huyett, of this place, informs us that one day last week he met two teams on the pike thro the 7 Mountains on the way to Milroy, and each one had a live deer on board. The animals were almost helpless from starvation and easily captured, and perhaps would have died. They will doubtless be cared for by the parties who took them and be set at liberty again after gaining strength sufficient to take care of themselves in the mountains. To refuse to release them would be contrary to law.

There are many instances of wild turkeys and pheasants having been driven by hunger to visit barnyards in quest of food, during the late deep snow.—Centre *Reporter*.

New Lottery Law.

The last measure signed by the president Monday was the "anti lottery bill." The measure is a brief one of but four sections, the most important of which is the first. This specifies that "any person who shall cause to be brought within the United States from abroad, for the purpose of disposing of the same, or deposited in or carried by the mails of the United States, or carried from one state to another in the United States," any lottery ticket, "or shall cause any advertisement of such lottery" to be brought into the United States, or transferred from one state to another, shall be punished for the first offense by imprisonment for no more than two years or by a fine of no more than $1.000, or both, and in the second and after offense by such imprisonment only.

[Communicated.]

Death of a Little Girl.

Frila, the 9 months' old daughter of Mr. and Mrs. Wilson Heaton, died at the home of her parents, near Milesburg on February 7th, 1895.

She cannot come to me,
My breaking heart is wild
With grief it cannot tell; but oh!
I'll go to her—my child.

My only daughter, my lovely child.
So passing fair and sweet.
God wanted her to make
Heaven's joy and harmony complete.

Tis well for her forever free.
From sin and pain and care;
I know she cannot come to me,
But I can go to her.

Marriage Licenses.

Following is the list of marriage licenses granted by the register of Centre county during the past week:

W. G. Harpster, of Penna. Furnace, and I. C. Barto, of Marengo.

Jared Harper, of Bellefonte, and Mary E. Wetzel, of Spring twp.

Charles Noll to Wed.

The Clearfield *Raftsman's Journal* has the following:

The wedding of Miss Cora Cardon, daughter of ex Sheriff Cardon, and Mr. Charles T. Noll, manager of the local telephone station, is announced to take place at high noon on Thursday, March 14th, at the M. E. church.

—Mr. Ed. Irvin, of the firm of Daniel Irvin & Son, was so eager and anxious to get to the "Si Perkins" entertainment on Thursday evening, that he went to the opera house without even fixing up his store for the night; and it was only when another gentleman came along and saw how things were that everything was put to rights. It is generally believed Ed. had heard of the pretty (?) girls with Si's show.

Delicate Or Debilitated Women
SHOULD USE
BRADFIELD'S
Female Regulator.

Every ingredient possesses superb Tonic properties, and exerts a wonderful influence in toning up and strengthening her system by driving through the proper channel all impurities. Health and strength are guaranteed to result from its use.

My wife, who was bedridden for eighteen months, after using BRADFIELD'S FEMALE REGULATOR for TWO months, is getting well. —J. M. JOHNSON, Malvern, Ark.

BRADFIELD'S REGULATOR CO., Atlanta, Ga.

Not What It Seems.

A subscriber in Nebraska sends us a couple clippings from Kansas papers which go to show that the great west is not the good place it has so frequently been reported as being. For the benefit of our readers here we publish the clippings, as follows:

If a crop is not raised this year in western Kansas and Nebraska, the country will be practically depopulated this fall. The people are poorer than they ever were before, and cannot live in hope any longer A gentleman who has been traveling in that country for twelve years says he never saw the condition as bad as it is now. If this should happen to be a dry year, and that country becomes practically depopulated, do you know what the result wil be? The following years will be wet: people will forget the experience of the past, and rush in. It will be like opening a new country.—Atchison *Globe*.

A NEW FIRM.

A new real estate firm consisting of S. D. Williams, J. C. Parmels and J. T. Hodges was organized last Saturday afternoon. The prime object of this firm is to get eastern capital at work in this section, and to interest eastern men in our community.

As soon as things are put upon a running basis one member will go east and work at that end of the line, while the other members remain here. It is the intention to run excursion trains here from eastern points and thereby display the merits of the country to outsiders who are looking for safe investments. Active operations will be begun about Maren 1.

A Big Sale.

The public sale of farm implements and stock at John Reeser's on the farm of J. Kyle MacFarlane, near Filmore, Pa., on Thursday, the 7th inst., was very largely attended.

The good Implements brought fair prices; except a Deering self-binding harvester, which was purchased last year—after harvesting one crop, sold for seventy dollars on one years' time. A Center Hall corn planter sold for twelve dollars, which had been used for some time; one Eureka mower was purchased by Lewis C. Rearick for six dollars and seventy-five cents, which was considered a bargain. Ten months old pigs took a wide range. A herd of ten was sold at prices from six dollars and twenty-five cents to nine dollars each. A herd of ten cows sold for three hundred and ninety dollars, the lowest price being thirty dollars and fifty cents, and the highest price sixty one dollars and fifty cents; the latter was paid by Geo. W. Scholl, Houserville, Pa., for an Alderney Grade with a calf at her side. Young cattle sold at fair prices. Horses and colts were being sold when our reporter departed they were going at low prices, and the bidding was not very spirited.

Bound Over to Court

Tuesday morning district attorney Singer held a hearing before 'Squire Boal, in a case of threats made by Jacob From against Samuel Rowe. Witness Ziegler living near the town water works testified that From had offered him $25 if he would fire Rowe's stable. Mrs. William Moyer testified that From told her he would, or could, lay Rowe low as he was laid. Other witnesses were also heard as to threats made by From. Justice Boal bound From over in $500 bail for his appearance at April term of court.

From's plea will likely be that these threats were only idle bravado and that he meant nothing thereby. The trial in court will determine the imprudence of making such expressions.—Centre *Reporter*.

Death of Mrs. John Harter.

The wife of Capt. John H. Harter, of Nevada, Ohio, died on night of 1st inst. She had been in failing health for over a year. Her maiden name was Ettie Forest, and she was born in Huntingdon county, Pa. She was a lady of culture and fine literary acquirements. She leaves a husband, two sons and two daughters to mourn the departure of a fond and dutiful wife and mother. The husband, Capt, Harter, is a son of Wm. Harter, dec'd, of Aaronsburg and had command of a company in the Penn'a regiment of Bucktails during the war and is a brother of Mrs. Kurtz, wife of the editor of this paper.—*Reporter*.

Proposed Change.

A bill introduced yesterday in the house at Harrisburg makes a radical change in the present senatorial apportionment. Under this bill Clinton county is taken from Clearfield and Centre is joined to Cameron. McKean and Potter, and is designated as the thirty-seventh district. Butler is detached from Armstrong and joined with Lawrence. Armstrong and Indiana are made a district to be known as the thirty ninth. Venango and Mercer are made the forty-ninth district, while Crawford and Warren are joined to make the fiftieth. Allegheny's representation is increased from four to five by making a new district out of the territory north of the Ohio river and the island of Neville and the Sixteenth, Seventeenth and Twentieth wards of Pittsburg. In Philadelphia the Thirteenth ward is detached from the sixth district and tacked on to the first.

—Only about five weeks now until the opening of the trout fishing season. It i already becoming a topic of conversation among the lovers of piscatorial sport.

—A high grade coffee at a low grade price. Mocha and Java screenings at 22c per pound at the Eureka Grocery. tf

Babies and Children

thrive on Scott's Emulsion when all the rest of their food seems to go to waste. Thin Babies and Weak Children grow *strong, plump and healthy* by taking it.

Scott's Emulsion

overcomes inherited weakness and all the tendencies toward Emaciation or Consumption. Thin, weak babies and growing children and all persons suffering from Loss of Flesh, Weak Lungs, Chronic Coughs, and Wasting Diseases will receive untold benefits from this great nourishment. The formula for making Scott's Emulsion has been endorsed by the medical world for *twenty years*. No secret about it.

Bellefonte Republican,

To CORRESPONDENTS.—No communication published unless accompanied by the real name of the writer. Correspondents should write upon but one side of the paper, and avoid the use of pale or fancy inks.

EDWARD T. TUTEN.

Local Department.

—Milesburg has an organization known as the "Crescent Club."

—A handbill is cheaper a good bit than an advertisement in a newspaper. It is also worth a great deal less.

—Rose B. Levy is a Bellefonte school teacher being voted for in the Pittsburg Times contest for a trip to Europe.

—Farm stock and implements are bringing fair prices at the public sales throughout the county.

—The sleigh has been tucked away on the shelf for a period of nine months or more, but no one seems to be regretting the fact.

—On Tuesday argument for a new trial was heard in the famous Armour will case. Thus far no decision has been handed down.

—W. M. Harrison, of Williamsport, has been granted a patent on a lamp, and J. H. Stewart, of DuBois, a patent for a churn.

—The season of banquets and big suppers is almost at an end and it won't be long until the picnic parties will be taking their outing.

—Fifty-seven dollars were the total net receipts realized by the Methodist ladies at their chicken and waffle supper on Tuesday evening.

—Don't forget the concert in the Presbyterian church on Friday evening. It will be a great musical treat, and all for the small sum of 50 cents.

—Sunday was a lovely day—just the kind of weather that can make a man go without his overcoat then suffer with a good cold for his indiscretion.

—A peculiar case is reported from Milesburg in which an alleged wife-beater has had warrants issued for three young men who told him he should desist. The charge against them is slander.

—The Huntingdon Local News says rents are coming down in that place. We have yet to hear of any such spasms on the part of Bellefonte landlords.

—Among the West Point cadet appointments announced from Washington, on Thursday appears the name of William T. Toner, Bellefonte, as alternate.

—Gilbert Beaver's talk at the 4 o'clock Y. M. C. A. meeting Sunday afternoon was very much enjoyed by a large audience of men who were present.

—Capt. Amos Mullen is now back again in the postoffice, filling his position as carrier. John Wagner is taking a month's vacation and Ed. Woods is carrying on his route.

—The Lewistown correspondent to the Patriot says: "Rev. Samuel Creighton, of the M. E. church here, who has just closed a very successful revival of some weeks' duration, has succumbed to the strain upon his system and is again compelled to retire from active pastorial labors."

—A great many people are of the opinion that a Lexow investigating committee would be a good thing in Centre county and in Bellefonte. Certain it is that there are a good many things that would not hurt to be investigated, no matter what the outcome would be.

—W. Fred Aymar, the popular and gentlemanly press agent who was with Walter L. Main's circus two years ago when it was so disastrously wrecked near Tyrone, is now traveling through Central Pennsylvania as advance agent for a theatrical company. Mr. Aymar still recounts with a shudder the experiences of that fateful night.

—May Smith Robbins, who is starring in the musical comedy "Little Trixie," is fast gaining recognition as one of the most versatile soubrettes now before the public. She is said to be one of the greatest dancers in America, and her comedy work is far above the average in its quaint humor and charming artlessness. The play is bright, breezy and funny, and at the same time refined, interesting and pleasing.

—The Pottsville "Chronicle" practically gives up all idea of defeating the Quay county bill. The "Chronicle" says that Schuylkill county was only in part opposed to the new county, and that there has been no unity of action in opposition. It admits that the friends of the new county had the best of the argument before the House Committee. It would have required something more than argument to remove the mountain ranges, which are the real cause of the need for a new county.

—At the age of about 70 years, Miss Hetta A. Campbell died at her home in Ferguson township, Centre county, near Rock Springs. Her affliction was disease the heart. Surviving her are two sisters, Mrs. Henry McCracken and Miss Sue Campbell of Rock Springs. Deceased was a member of the Presbyterian church and was a consistent Christian, active in church work, and very charitable. Her remains were interred at the Pine Grove cemetery. Services were conducted by the Rev. T. M. Armentrout at the late home of the deceased. She will be sorely missed in the community.

FOR A NEW TOWNSHIP.

Two Correspondents Advocate the Proposition.

Some of the county papers last week contained articles on the proposed new township in Centre county, but so far as we observed, they all dwelt on one side only, that being in opposition to said new township. In most questions there are two sides and this one is not an exception to the rule. The writer of said articles spoke of the neck containing Snow Shoe pike which would make awkward appearance and be an inconvenience to the western part of Boggs township. Now, would not the citizens of the West precinct of Boggs be far better off in their pan with a handle to it, than the citizens in the new township would pe in their pan with no handle to it? They are two separate communities, parted by a great dividing ridge, and too independent of each other to use one handle to two pans. It was well understood before the new township was laid out that the citizens of Wallace Run, in the western part of Boggs township, did not want to be taken into the new township, and for good reasons. They are an intelligent community, composing a school district, and their main outlet to market and place of voting is down the valley of Wallace Run. The Snow Shoe pike is the principal road they have to keep up, and who has a better right to keep up the road than those who use it most?

The proposed new township will have fully as many roads to keep up as the balance of Boggs township has. It is claimed that the new township will get the advantage of some unseated land tax which would be stricken from Boggs township. That would not be a material loss to Boggs, for more than half of the unseated land in the new township would come off of Snow Shoe township. Why should not the citizens of the new township have some advantages or means of paying taxes, other than by depending entirely upon their farm products, located, as they are, so far from market and all the conveniences which attend a community located near railroads, shops, stores, postoffices, etc.?

Give them the means of self-government and they will be happy and Boggs township will feel the better of having done as they would be done by. We would suggest a change in the western line of Boggs township, which would be an advantage to Boggs and not objected to by Union township. Thus, beginning the dividing line at the present corner of Boggs and Union on Muncy mountain and bear more westward than the present dividing line so as to pass over the dividing ridge between Wallace Run and Bush Hollow, taking one school district from Union and adding to Boggs.

BY ONE WHO WAS ON THE GROUND.

WHAT OTHELLO SAYS.

A great deal of excitement exists in Boggs township over the division of said township, or, rather, the proposed new township to be made out of parts of Boggs and Snow Shoe township; and, at this writing, it is about as hard to tell whether the new township will carry as it is to tell whether Charles Kurtz edits the Gazette or the Gazette editor the Centre Democrat. After a column and over being used up in last week's issue of both papers of the very same wording, what the Gazette don't know the Centre Democrat certainly does

Now, as to the new township. Every man in Boggs township will make money by voting for the new township, There wont be as much school tax, nor road tax, nor poor tax to pay, as we have been paying, in either township if it is divided. We have four supervisors—two elected by the people and two appointed. It wont cost half as much to assess the two townships as it does this one. The new township will have more miles of road than the old one and the roads many more hills than the old township. It don't cost half as much to keep up a small township as it does a large one, and the condition of both townships will be bettered.

As to the new officers that the new township will create, we can't see how they will hurt Centre county. After four or five years, if the new township is created, we won't be surprised if both the Gazette and Democrat editors will be applying for admission. If they do, it will be hard to say if room can be found for them.

Some people want to know what we will call the new township, and for their information we will say, the child has not been born as yet, but when it is, and it proves good and healthy, it will receive a proper name; but we do know it will be neither Kurtz or Harter. OTHELLO.

A Worthy Suggestion.

A friend writes that he has a suggestion which he would like to make to the superintendent and teachers of the public schools of Pennsylvania, which is: that each pupil in the schools of the state contribute one cent towards the erection of a monument over the graye of Thaddeus Stevens the founder of the public schoo system. Nothing would have been more pleasing to the Great Commoner than the idea of such a memorial from those who are the beneficiaries of the common schools for which, while he could scarcely be called their founder, he labored most ardently and successfully. The sum thus raised would be quite a snug one and sufficient for the purpose, since there are considerably over one million pupils enrolled.—Johnstown *Tribune*.

The Eclipse.

Did you see it? If so, you were one of the very few in Bellefonte who did, as the sky was too much clouded over for a good view of it. Those persons who had considerable patience and who waited and watched could, at times, through a break in the clouds, see the darkened face of fair luna but the observation was anything but satisfactory. The writer got several glimpses of the moon during the eclipse, but they were only glimpses.

PERSONAL PENCILINGS.

Miss Mary Linn is entertaining a lady friend.

Mr. John P. Harris went to Tyrone Monday evening.

Miss Mary Crider is visiting friends in Williamsport.

Mr. Harry Wilson, of Altoona, spent Sunday in Bellefonte.

Mrs. Col. Wilkinson is visiting friends n Philadelphia.

Mrs. John G. Love is at present located at Clifton Springs.

Judge Archibald. of Scranton, is holding argument court today.

Mrs. John C. Miller and son Charles, are visiting friends at Huntingdon.

Mrs. Joseph Funk, of Philipsburg, is visiting friends in Bellefonte.

Mr. and Mrs. Frank Williams, of this place, spent Sunday in Altoona.

John C. Miller spent Sunday with friends in Huntingdon, returning to Bellefonte this morning.

Miss Jennie Wagner, and Miss Maud DeHass, of Howard, spent Monday in Bellefonte.

Mrs. E. B. Hogue, after a visit with friends at a distance, is again at her home in Bellefonte.

Mr. and Mrs. Hamilton Otto will attend the sessions of the M. E. Conference in Tyrone this week.

Mr. and Mrs. Harry Brew after a visit with friends in Philipsburg, are again located in Bellefonte.

Mr. and Mrs. Hoffman, of Williamsport, are visiting the parents of Mrs. Hoffman, Mr. and Mrs. Spigelmeyer.

Mr. Harry Jackson of Banker George W Jackson, is home from sea for a brief visit with his parents and friends.

It is said that Mrs. D. H. Hastings will come to Bellefonte in the near future for a couple weeks rest and visit.

Miss Mary Hoy has returned from a visit at Winburne, where she was the guest of her uncle and aunt, Mr. and Mrs. James Somerville.

Miss Anna Curry, one of Danville's charming young ladies, is at present the guest of her cousin, Mrs. J. C. Meyer, on East Curtin street.

Mr. and Mrs. George VanTreis, of this place, departed for Philadelphia, on Tuesday morning where they will visit friends for some time.

Miss Mary Linn, who has been visiting friends in Harrisburg and Philadelphia for a couple months past, has again returned to her home in this place.

Miss Mary Kane, a very charming and accomplished young lady who has been a guest of Miss Lizzie Brown, on East Logan street for the past few days, returned to her home in Altoona this morning.

County Commissioners Goodhart, Adams and Strohm made a business trip to Philipsburg on Tuesday and while there partook of the excitement occasioned by a colored man shooting himself dead on the street.

At the High School.

The following composed the rhetoricals at the High School on Monday afternoon, beginning with the song, "Come and Join Us," by the school.

Oration, "Dueling," Albert Jackson.
" Katie Lieb.
Essay, Willis Ishler.

Essay, "Pencils," Ida Fauble.
Recitation, Katie Benner.
Essay, Earle Aiken.
Recitation, Julia Bidwell.
" Stella Brosius.
Essay, Charles Gilmoure.
Oration, "Napoleon," Anna Fox.
Essay, Wallace Reeder.
" Nellie Anderson.
Declamation, Willie Dorworth.
Essay, Bessie Bell.
Declamation, Charles Lukenbach.
Essay, "A Pebble," Jean McKee.
" Samuel McClure.
Recitation, Kate Sheffler.
Essay, Clarence Harper.
Recitation, May Runkle.
Essay, Lee Larimer.
" Bertha Thomas.
" Thomas Hamilton.

LETTER LIST.

The following letters remain in the Bellefonte P. O. uncalled for March 11th, 1895.

N. E. Beaver, Mrs. E. J. Deitzs, James P. Fleming, Miss Lettie Grove, Miss M. J. Grindstone, Ruth Lytle, John Lenting, Calista Miller, Frank Ray, J. G. Shunk, Mr. W. Hile, H. W. Weaver, Mrs. Lawrence Hile, Mrs. F. W. Wilkison, Mrs. Kate S. Harris, Mas. Ida White.

When called for please say advertised.
DAVID F. FORTNEY, P. M.

Will Observe the Half Holiday.

On and after April 1st the banks in Bellefonte will observe the Saturday half holiday by closing their doors at 12 o'clock noontime. All persons should take notice of this fact so that business can be attended to in the mornings on Saturdays.

A MOOTED QUESTION.

Another Communication on the Proposed New Township.

MR EDITOR:—Quite a lot of opinions and arguments of different kinds are now being held forth in regard to the possibility of a new township being created out of parts of Boggs and Snow Shoe townships.

As I am a voter of the East precinct of Boggs, I think it no more than right that I should rise up and have my say along with the rest of the voters of Boggs township. I, for my part, am in favor of the new township, and will give my reasons, and as I am in a position to know, I will briefly explain them.

The North precinct of Boggs did have a graded school for at least six years and, owing to one man in that precinct being opposed to it because the school board overruled him in his choice of teachers, he ought it away from them; which, I believe to-day, was wrong. Now one teacher teaches at least sixty average scholars. Part of that precinct, called Fetzertown, is striking for a new school and, if they succeed, the school board of Boggs township will be compelled to build three new school houses at a cost of not less than $2,500, for the three. Suppose they are not voted out now, they will undoubtedly get out within five years, and when they do go they will have our houses and our money and we cannot help ourselves. If these houses are to be built, let them build them themselves. We are now burdened with a debt and I see no use in us getting deeper in debt to help about 125 or 130 people, when we can save it. Boggs township is too large as it is. We have too many roads and too much tax, and not enough money to pay the expenses. If, by letting that North precinct go, we can save five hundred dollars a year, by all means let them go.

I admit, they will have unseated land tax, but not more than $150 to $200 at the most. They will have their appropriations according to the number of inhabitants, the same as any other township in the county, but they will have more roads and harder to keep in repair than old Boggs will have. I have traveled over all of Boggs township time and again; I have studied the interest of it since the new township has been talked of, and I would advise every voter of Boggs township to vote for a new township. We elect two supervisors and we have four—two by appointment. We can very easy do with two if they are left alone. We have two overseers; if the new township is formed we can do with one. It is useless to claim that the old township will lose by letting them go, and if any person is so anxious to keep the people of the North precinct in let him pay a larger amount of tax on his unseated lands that old Boggs will still have, and what we lose by them getting out can easily be remedied by putting unseated lands where they belong. Let us say as did one of old, "Let my people go." If you don't say it Saturday, March 16th, by your votes, you will have to, in less than five years. C. L. W.

Dynamiting Ice Gorge.

A channel is being dynamited through the ice gorge in Pine creek in the vicinity of Waterville, Lycoming county, so as to divert the stream from its new found course through a farm back to its original channel and also for the purpose of saving the pipe lines. There is also an ice gorge three miles long in Big Pine Creek, near Cammel.

—The price of potatoes will in all probability be on the increase, as many bushels of the lucious tuber have been frozen n this section this winter, the frost making inroads where it had never before been known to enter.

The China-Japan War

It is thought may raise the price of tea and other articles, but we are still furnishing to our customers at the old rates. We take no account of the scrap between the Japs and Chinese, we know some merchants are trying more money to squeeze by advancing the prices of spices and teas, but the old reliable

EUREKA

keeps right along at the same old gait with prices as usual, with everything in the grocery line the best and cheapest in the market Call and see us—latch string always out—at Eureka Grocery, High Street, next door to post office.

Licenses All Disposed Of.

On Tuesday the Court disposed of the held over license applications, granting twelve, refusing two and reserving a decision in one case. Those granted are as follows:

Tavern license—R. Miller, Wm. Parker, Richard Bower, Philipsburg; James S. Reish, Potters Mills; John G. Uzzle, M McCabe, Lawrence Redding, G. B. Uzzle, Boston Veihderfer, Snow Shoe. Wholesale liquor, W. R. Haines, Snow Shoe; Wm. Riley, Philipsburg. Wholesale beer, S. Rodgers, Philipsburg. The application yet held over is Dorsey Meyers, Philipsburg. The entire list of fifty-three applications was disposed of by granting of 38 refusing 14, and 1 to dispose of. This is an increase of 3 in the number of licenses granted this year over the number granted last year when 35 were granted out of 42 applications.

Judgment Set Aside.

At argument court this week, the case of Clement Gardner against Mrs. Dietz for trespass, was brought up and the judgment rendered by Esq. Adams was set aside. The suit arose out of Constable Holter, Mrs. Dietz and others accompanying the constable, who had a search warrant to find Mrs. Dietz's turkeys. Mrs. Dietz identifying two of her turkeys in Gardner's pen. However, the constable did not take the identified property. Mr Gardner was subsequently prosecuted in the quarter session for convert ng the turkeys to his own use and acquitted of the charge.

A Comprehensive Resolution.

A Harrisburg special says: At Monday night's session of the Senate, the following resolution was adopted, with few dissenting voices:

Resolved, That the Senate of Pennsylvania extends its congratulations to the people of this United States that the official life of the tariff (tinkering tax) increasing, industry paralyzing, business-depressing, treasury-depleting, confidence destroying, capital-wrecking, wage-reducing, labor-improverishing Congress, the most un-patriotic and un-American known to American history, has by constitutional limitation come to a close.

Mrs. E. P. Tate.

On Thursday morning, of last week, at 5.30 o'clock, Mrs. E. Potter Tate, of near Jacksonville, entered the valley of death. She became ill on the previous Saturday night which terminated in pneumonia She leaves a husband and six children. Her age was 48 years, 7 months and 9 days. For many years Mrs. Tate was connected with the Lutheran church. The funeral took place Sunday morning at 9.30 o'clock. After the service at the house the remains were conveyed to Meyer's graveyard on Buffalo Run, where interment was made.

Marriage Licenses.

Following is the list of marriage licenses granted by the register of Centre county during the past week:

James Rector and Jennie Peyton, of Philipsburg.

John F. Gordon, of Spring township, and Mollie B. Clark, of Marion twp.

J. Kennedy Johnson, of Mt. Eagle, and Nannie J. Holt, of Moshannon.

George Robinson and Nancy J. Walk, of Powelton.

John L. Johnsonbaugh and Mary M. Confer, of State College.

A Correction.

The proposed lease of the implement store of J. S. Waite & Co. to McCalmont & Co. has never been closed and signed, and J. S. Waite & Co., agents, will be found at the old stand with a full line of implements; also, the carriage and repair shops will be run as before. J. S. Waite will make a special push on the Cleveland bicycle and sundries. They ask the patronage of all their old customers and friends.

Great Revival at Mill Hall.

The revival meeting at Mill Hall continued to gather crowded audiences. Eighty two persons were received on probation on Saturday evening. Eighty or ninety testimonies were given in class meeting on Sunday. The Epworth League admitted a large class of new members. Three conversions occurred on Sunday night. The meeting will be continued through Conference week.

Will Urge His Appointment.

The friends of Joel A. Herr, of Nittany Valley, will urge his appointment as deputy secretary of the department of agriculture. Mr. Herr is president of the Clinton County Agricultural Society, and a member of the State Board of Agriculture. He has had much experience in farmers, institute work, and as the deputy secretary will superintend the farmers' institutes. Mr. Herr is well qualified for the position.

—A. L. Freeman, who has been freigh and ticket agent at Bigler for the past twenty-five years, died of apoplexy at the Potter House, Philipsburg, on Monday. He is survived by a wife and nine children. The funeral occurred today.

FACTS CONCERNING THE Y. M. C. A.

A Few Items That Everybody Should Read.

At present we have less than 100 contributors to our work here in Bellefonte. There are 1000 men and women in Bellefonte who could help a little in supporting the only institution in town that has its doors open from 8 a. m., to 10 p. m., six days in the week, where any young man can come and be under an influence that is pure, wholesome and christian. If your boy comes here, you can rest assured he is safe. If he goes elsewhere, we cannot vouch for the influences that he will be subject to. Father! mother! think it over! Will it pay you to help support this institution?

***

Every time we see a drunkard we are reminded that every boy in Bellefonte is in danger. Perseverance is a grand, good element in any young man's character, if used rightly; but to persevere in neglecting to accept Jesus Christ, as many of Bellefonter's young men are doing, is sure to reap a harvest of eternal woe; for "whatsoever a man soweth, that shall he also reap."

***

Very few organizations are without their fault-finders; so it is not strange that we are blessed with a few. Nothing is easier than fault-finding. No talent, no self-denial no brains, no character is required to set up in the grumbling business. Those who are moved by a genuine desire to do good by assisting in the work, should get down to business, lend a hand, be careful, hustle, and there will be no time wasted in grumbling that should be consumed for higher and better subjects.

***

Receipt for doubling the membership roll in the Association:—Let each member take one application blank, or more; place it carefully in the inside coat pocket where it will not be lost, and where it is within easy reach. Mix carefully among your personal friends, stirring up their minds with the advantages of the Association When well agitated, present the blank application. Get them to fill in their names, hand these with the cash in to the Secretary, and in short order a membership ticket will be issued.

***

Missing—a large number of books belonging to the library. We cannot afford to lose them, nor can we offer a reward for their return; but if you have them in your homes kindly send them to the association rooms at once, and no questions will be asked.

A Check for $5,480,00.

It isn't very often an editor gets sight of a very large sum of money, but this morning for a brief period of five minutes we held in our fingers and feasted our eyes on the neat sum of $5,480,00, or rather a check for that amount, it being the amount of policy, with accrued dividends, on the life of Dr. John F. Woods, of Boalsburg, which he held in the Brooklyn Life Insurance company, and which agent J. C. Weaver just received to deliver the surviving wife and children. Five thousand dollars is a nice sized sum, but it is only a little amount to such a company as the Brooklyn Life, which is always prompt in the payment of all death claims.

Railway Passenger Traffic.

Last year the Pennsylvania carried 96,823,657 passengers over its various lines including the ferry service, an average of about 265,057 per day.

The Fall Brook railroad company in 1894 carried 487,000 passengers. During that period 21,167 trains, or 670,000 cars were run over the road. Of the passengers carried last year only two were injured. The road has its first passenger to kill. Of the employes three have been killed and forty-seven were injured.

—Itch on human, mange of horses, dog and all stock, cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by F. Potts Green, druggist, Bellefonte, Pa. v26-5-1y

GOOD RED BLOOD.

The Blood is the Life, and on its purity depends your health and happiness. Now is the time, during the change from Winter to Spring, to purify your blood. If you are "all run down" and want a remedy to build you up, try our Compound Extract of Sarsaparilla. It is composed of Sarsaparilla, Yellow Dock, Stillingra, Prickly Ash, Mandrake, Senna, Licorice, Sassafras, with Iodides of Potassium and Iron.

We sell it on its merits—100 full doses in each bottle.
